President's Message April 2014

2014 is off and running and promises to be a great year. Members are busy planning car shows, track events, community service events, parades, picnics, monthly dinners out, monthly activities, and car cruises so keep a close eye on the website because you won't want to miss out on any of the fun.

None of this would be possible without the help of the Executive Committee Members, Committee chairs and so many club members volunteering their time and energy. As 2014 gallops ahead, I am looking forward to seeing all of you; after all, it's the fellowships we forge and maintain that make us what we are...PCMC.

I would also like to task all of you to find your forte. We are a club that has something for everybody. Volunteer for a position; attend a Car Show Committee meeting. We have a whole heap of people who already give their time and energy, and quite frankly, they are in need of some much needed additional support from each of you.

I'd like to thank Jerry Murphy and all of his helpers for putting together another fun Poker Run. There was GREEN everywhere!

Times are very exciting. Dad and I are just 4 days out from leaving on our grand adventure. We've done a dry run to make sure everything fits in the trunks, we've got all the dogs' stuff packed, snacks are all but packed, car care packed, what if packed, last minute to do lists checked and double checked. Between the 7 or 8 of us going to Charlotte for the MAA Trip there should be a very fun write up in next month's newsletter. If you'd like hopefully daily updates you can follow my blog and Facebook page for the trip <http://missysmustangadventures.com/>. It's sure to be the adventure of a lifetime! I know there are members traveling down to Vegas for that celebration and to Woodburn for the Parade of Mustangs. If you are one of the ones staying local, don't forget about the Treasure Hunt Cruise or the Friday Night Out Dinner at Jason's in Puyallup. They look like fun, fun, fun!

50/50 Raffle Tickets

You can purchase as many tickets as you like each month for \$1.00, write your name on the back (in the event you lose your tickets) and tickets will be held by the Raffle Chair. Tickets will also be available for purchase at club events and cruises. **YOU HAVE TO BE A PAYING CLUB MEMBER TO PURCHASE TICKETS.**

The drawing will be held at the annual PCMC Holiday Party in mid December and you do not have to attend to win. You will receive 50% of what was collected throughout the year and the Emergency Food Network will receive the other 50%.

The Emergency Food Network can take a \$1.00 donation and turn it into \$12 of food. For example, if we sell \$300 in tickets during the year, they can take their \$150 share and turn it into \$1,800. That can purchase a lot of food for people who need it.

Happy 50th Anniversary!

Mustang of the Month John Waterman 2011 GT Convertible

This is the 3rd Mustang I have owned. I've been into them since I was a teenager. This one is my first true successful project. The lightning was my idea put into reality by Bill Williams. It is not stock, intended to be a show, track, and daily driven car. It is, so far, the favorite of the 3 Mustangs I have owned.

Membership Page

The Pierce County Mustang Club is open to any person or family interested in the PCMC Purpose. All Ford cars are welcome.

Mission Statement

Recipe Corner: Pasta Fazool

When I was growing up in Miami, my mother (who was Italian) would sometimes make a dish she called in her Neapolitan dialect pasta fazool. In Italian it is called pasta e fagioli, which means pasta and beans. Although my mother never put sausage in hers, I prefer it that way, so here is my recipe for pasta fazool.

Heat 1 tablespoon of olive oil in a large pot over medium-high heat. Add two cloves of minced garlic and 1 pound of hot Italian sausage. Sauté until the sausage is brown, stirring the sausage to crumble it. Add one cup of tomato sauce and 2 cups of chicken broth and bring it to a boil.

Stir in 1 cup of small shell pasta, two cans of S&W Small White Beans (including the liquid from the cans), 1/4 cup of grated parmesan or romano cheese, 1 1/2 teaspoons of dried oregano, 1/2 teaspoon of dried basil, and 1/4 teaspoon each of salt and freshly ground black pepper. If using mild Italian sausage, add 1/4 teaspoon of crushed red pepper.

Bring it back to a boil, then reduce heat and simmer for about eight minutes or until the pasta is done. Let it stand for five minutes before serving. Garnish with additional grated cheese.

Running Autocross with the Bremerton Sports Car Club

Author: Tom Henderson

Have you ever thought you might like to try autocross? If you are not familiar with autocross, let me back up and explain. If you are familiar with autocross, feel free to skip this explanation. If not, read on.

Think of a road race course, but one that is setup with orange traffic cones and is about $\frac{3}{4}$ of a mile long, more or less. It might be setup in a large parking lot or, as in the case of the Bremerton Sports Car Club (BSCC), on an abandoned runway at Bremerton Airport. One car runs through the course with no other cars around it. There will be another car that is about half way through the course before the next car gets started, but it is not like a track day with other cars around you. The typical course elements are a slalom (where a series of cones are setup in a row and you must weave through them) and a gate (where two cones are setup 10 or so feet apart and you must pass between them). There are, of course, curves in the course and you might encounter a series of gates that are offset one from the next.

The object of autocross is to get through the course as fast as you can without missing any gates or knocking over any cones. At BSCC events you incur a 10 second penalty for missing a gate and a 2 second penalty for knocking over a cone. Penalties are added to the time it took you to complete the course to determine your score for a run. You get to go out and push your car as hard as you can with no fear of running into anything (unless you go a lot crazier then anyone I have ever seen) and become more familiar with your car's limits and become a better driver in the bargain. To be really good at autocross you have to learn to look ahead and anticipate what you must do next, and this will make you a better and safer driver on the road.

One of the great things about autocross is that it is very inexpensive. To participate in the BSCC events you must join the club for the year. I believe the current cost is \$30. The registration cost for an event is also about \$30. One of the main reasons that it can be so inexpensive is that if you don't work you don't run. So you will have a period where you are running the course perhaps four or five times, and a period where you will be out on the course setting cones back up when someone has knocked one over.

If you are inexperienced at autocross (or relatively so) you will run in Novice class and there will be experienced drivers who will ride with you and coach you through the course. Once you have become an experienced driver your class may be determined by your car. There are explanations on the BSCC web site (bscc.net).

BSCC just had a Novice School on March 15th and I enrolled in it to get more seat time in my Mustang. I got some great coaching and got eleven runs. There is another Novice School on May 25th. You can learn about it by visiting their web site and there will be a link for registration if you decide to take the plunge. I can almost guarantee that once you do you will be hooked. I certainly am, and as long as I am fit enough to shag cones (the term used for standing alongside the course and setting cones back up when they have been knocked over) I will continue to participate.

PCMC Friday Night Dinner

Friday, March 21st, 37 of us met at Elmer's on Hosmer in Tacoma. They had a room ready for all of us with no waiting. Lots of fun, food, and friends were abound.

We've held three dinners so far and there seems to be a good turnout and interest. We will continue this new activity throughout the year.

COMMENTS:

Thanks to Kathy Murphy and those who helped both her and I with handling drawing of cards. They certainly were very helpful in making this cruise run smoothly. The route chosen was felt that there would not have any problems with the exception of traffic lights slowing us down. As it was we finished a might early but the fine people at Scotty's Place seemed to handle it with a big smile and everyone I talked to said they enjoyed stopping there. Saturday worked out this year as a good day for the cruise. Felt that the trip/cruise was not too far and time table was just right for each stop and arrival at Scotty's.

Finally, I think that ending the Poker Run Cruise with something to do at the end would work out very well. Say at a museum, shops/stores or an area with some sort of activity like bowling, putt putt golf. You might even think of ending with a bowling for charity event or something else like a Movie or just something fun. Something to think about as I will for any future cruises I handle.

Emergency Food Network Volunteerism Submitted by Heidi and Paul Geise

On Saturday March 22 a group of 12 mustang enthusiasts sewed their wild oats! Well, maybe they bagged oats and potatoes for the Emergency Food Network. They repackaged 6,300 pounds of food while enjoying each other's company, stories, and the shared thought that dessert would be a bottle of water and 2 Aleve. It was a tremendous effort and feeling knowing that the hours were spent helping those less fortunate. They all look forward to the next opportunity to pitch in where needed. It is great to be part of an organization that comes together in so many ways to support their community

Many thanks to all who volunteer again and again to welcome to those joining us for the first time. Next "play date" is scheduled for October 14 at 9am.

Rainier View Winery & Nursery

Rainier View Winery specializes in handcrafted wines.

Their goal is to show you a new way to experience wine. They bring out the hidden, natural flavors of the fruit. Their wines are bolder, sweeter, more fragrant, and contain quite a bit more alcohol than the average wine. They create a unique, high-quality product that any type of wine drinker can enjoy. Whether you're a veteran wine enthusiast or looking to take your first sip, stop by and have a glass with Clay and Joyce.
