Tip of the Month:

Think about investing in a good vacuum to carry in your trunk for car shows. Unless your Pony is stabled snugly in your garage, and even then, by the time you arrive at the show, most of us have rocks, dirt, pine needles, or whatever on the carpet no matter how careful we are. A good investment if even just for your sanity!

Check out MCA Web Site for all the buzz from the 50th Birthday Celebrations. MCA elections are come up, please remember to vote.

International Show in Richmond, BC is filling up – the host hotel is sold out, 215 of the 425 guaranteed spots are filled for the car show. If you are planning to attend, sign up soon.

Old Business

Car Show – Charlene Rivera – We have filled all our sponsorships. We are in need of Raffle Prize items, if you have anything to donate – it does not need to be car related, please give the raffle items to Pam by the July General Meeting. We are still looking for goodie bag items – if you have an idea or have a few items like band aide kits, chip clips, key rings, etc – we can add them to what we have. If you would like to help plan the show, next meeting is at Greg & Karen Robbins at 7 pm.

Event Updates

Korum Mini Show – Jerry Murphy – We ended early due to weather. The new area was not as good a location – hard to see and get to if you missed it. We need to ask Korum to rethink this area. We only had 19 people stop and vote. Best of Show – Ken Coatney, 1st – Jerry Murphy, 2nd - Tom Rochefort, 3rd – Jason Dingleline – Congratulations!

Treasure Hunt – Charlene Rivera – We had 3 cars, plus 4 cars helping. The members who came had a great time. Will try again next year, but not on the 50th birthday or the day before Easter, and hopefully all the weather will be better.

50/50 Raffle Tickets

You can purchase as many tickets as you like each month for \$1.00, write your name on the back (in the event you lose your tickets) and tickets will be held by the Raffle Chair. Tickets will also be available for purchase at club events and cruises. **YOU HAVE TO BE A PAYING CLUB MEMBER TO PURCHASE TICKETS.**

The drawing will be held at the annual PCMC Holiday Party in mid December and you do not have to attend to win. You will receive 50% of what was collected throughout the year and the Emergency Food Network will receive the other 50%.

The Emergency Food Network can take a \$1.00 donation and turn it into \$12 of food. For example, if we sell \$300 in tickets during the year, they can take their \$150 share and turn it into \$1,800. That can purchase a lot of food for people who need it.

Mustang of the Month

04 Mach 1 coupe, 94 "Cobra Clone"

Burt Kreidler and Connie Hamann

I got bit by the Mustang Bug pretty much by accident a little over a year ago. I had picked up a rather raggedy '94 GT for the built 306 and 5 speed that was in it. I was (and still am) planning to swap it into a Mazda B2200 Mini Truck "MazStang", but that's another story.

I would drive the GT occasionally to keep it from deteriorating and was impressed by the lopey power from the old push rod lump, the ear splitting exhaust note and the slick shifting T-5. It even handled pretty well for having relatively primitive suspension. Mainly, it was FUN! It took me back to the hot rodding days of my youth. I started studying web sites and reading the numerous publications to better understand the evolution of Mustangs. Along the way, I discovered that during the last 2 years of the SN-95 platform, Ford had created a "New Edge" Mach 1 model. The original '69 Mach 1 was one of my favorite Muscle cars of all time so I decided that I had to have one of these Factory tribute Mach 1's.

I found my '04 on the Mach 1 Registry. A guy in Indiana had it up for sale. It only had a little over 10K on the odo. It only came out on sunny summer days so it was in pristine condition. He had quite a fleet of vehicles including a Z06, 2 Harleys and 2 tricked out 4x4 trucks. He really didn't want to part with his Mach 1 but he wanted to buy a GT 500 and his wife told him he would have to get rid some toys first. He had done a number of mods to the car, the biggest of which is the Kenne Bell Twin Screw Supercharger, and a Terminator T-56 6 speed conversion.

After a month of negotiations, we made a deal at the end of last August. I had it shipped home in a covered carrier but it didn't get here for a month so I missed most the good driving weather. I've only added about 400 miles to date.

Over the winter I was stricken with the "Modding Disease". Besides a plethora of Billet doodads, lights and miscellaneous dress up bits and pieces, I upgraded the clutch, tranny and rear end to better handle the prodigious torque that the KB makes. The next and hopefully last phase of mod's will be chassis, suspension and tire upgrades so it will transmit the afore mentioned power to the ground.

My aim is to keep the exterior and interior mostly original with only tasteful mod's that enhance the Mach 1 look and only hints at the beast that lies under it's pretty skin. I've only been a member of PCMC since December. I'm pleased that the membership is comprised mostly of middle aged and older people that share a common bond in their love of Mustangs.

I look forward to cruising with the club and attending some shows this summer. I'm also planning to visit Seattle and Bremerton Raceways for some quarter mile fun. If you made it this far, thanks for reading my story, we'll see you this summer.

Recipe Corner: Scalloped Potatoes with Leeks

Ingredients

2 tablespoons unsalted butter, plus more for baking dish
2 leeks, trimmed, thinly sliced, and rinsed well (about 1 cup)
6 russet potatoes (2 1/2 pounds), peeled and thinly sliced
1/2 teaspoon coarse salt
1/8 teaspoon freshly grated nutmeg
Freshly ground pepper, to taste
8 ounces Gruyere cheese, shredded (about 3 cups)
1 cup heavy cream
1 cup homemade or low-sodium store-bought chicken stock

Directions

Preheat oven to 350 degrees. Butter a 12-cup baking dish. Melt butter in a skillet over medium heat. Add leeks, and cook until translucent, 3 to 4 minutes. Arrange 1/3 of the potatoes in dish, slightly overlapping slices. Sprinkle with 1/2 of the salt, 1/2 of the nutmeg, and pepper, followed by 1/2 of the leeks and 1/3 of the cheese. Repeat. Top with remaining potatoes in a spiral. Sprinkle with remaining cheese. Combine cream and stock. Pour over cheese and potatoes. Cover with parchment and foil. (Mixture can be refrigerated overnight.)
Bake for 30 minutes. Increase temperature to 425 degrees, uncover, and cook until top is golden brown and potatoes are tender, about 45 minutes. Let rest for 15 to 30 minutes before serving.
