I have had the time of my life serving as our club president for the last 3 years. We have a great club. As president, I have the opportunity to read all of the other local area club newsletters. Lots of them are doing activities, or shows, or parades, or charitable giving of money, donations, or time, or have members travel to other area shows and travel long distance to shows, but none of them have had all of these components going on like we do. One of the goals I had going into my term was to get more people involved, more people running and serving on our board, planning our events, just plain more people involved with running our club. While there is always room for more, plenty of new people have stepped up and gotten involved. Thank you.

To have a successful club there has to be a group that guides the way. There are many things that our board has to filter through before it gets to the membership. For example, we were solicited by another local club offering their performance services at any of our events. This was a pole dancing club. Yes, pole dancing. While this offered a good chuckle, there are many other such offerings that are not for the good of the club that also gets caught in the filter of the board like choosing to not follow a submission due to copyright infringement. There are

items that required a lot of follow thru such as pursuing permission from the governing body at Ford to use the 50th logo in our car show design last year. So what does our board do for us, they run down leads, filter through a plethora of offers, plan events of all kinds, meet with our sponsors, make sure our reputation in the community is of quality, keep us on the right track as far as our club mission, always keep an eye out for opportunities to expand our vision, membership, experiences, provide a community for the love of Mustang, and provide us all an opportunity for fellowship. I'm proud to have been able to be a part of that. We have many members that work hard to make sure our club not only survives, but thrives.

I'd like to thank the executive committee for all of their help, guidance, and support this year.

## Tip of the Month:

Experience. I can't tell you enough just how much there is to know when it comes to competing in car shows, participating in parades, long haul events. I have learned so much from others with much much more experience than I. My tip, ask those in the know. I learned the most by asking the experts.

Again, thank you to everyone for all of your support, reminders, suggestions, and all of the kicks in the pants these past 3 years, I couldn't have done it without you.

Missy

Due to convenience of use, it has been presented to use PayPal as a form of payment. The Executive Committee would like to make it an option of use for returning members to pay 2015 membership dues. The member would take on the added cost of the use of PayPal – 2.9% plus \$.30 per transaction as a convenience fee. Depending on how this trial period goes, it is possible we may use PayPal for pre-registration for the car show and other club items. We would use "check this box" in lieu of a signature on-line.

## Some helpful tips on “How to Plan a Cruise”

**Pick a Place** - It can be anywhere **YOU** want to go or share with other Mustang Friends

Examples – A long drive, bowling, mini golf, a restaurant, a museum, a park, pumpkin patch, Christmas lights, scavenger hunt, progressive dinner or an event like an apple squeeze. You can pick anything or place.

**Check Availability** – Make sure they are open. Make sure they know a group is coming, sometimes they will offer a discount. Check to see if it is “kid friendly”, some members like to bring their kids. This will make it easier to pick a date for your cruise. Try to give a little notice so you can share at a club meeting, get in the “Pony News”, on the website and for members to get on their calendar.

**How are you getting there** – Some places you can just meet everyone there or plan a drive to get there. If you plan a drive – pick your route; please make sure you **DRIVE** the route. This will help you find bathroom stops and see if there are any changes you might want to make.

**Are You Planning a “No Host Meal”** – If you are having a meal, please give the restaurant a few days notices. This makes it easier for them to have the staff scheduled. Check for “Kid Friendly”.

**Make a Flyer** – Make sure you have the basic info – Place, Meeting Location, Leave Time, Date, Time, Cost, Contact Info, and What is happening – i.e. if you plan on collecting items for a charity, or “No Host Lunch”. If any part of your event is **NOT** “Kid Friendly”, please state that. Make sure the “Pony News” editor, Facebook, Membership for an alert, and the Website get a copy.

**Extras** – Printed Driving Directions or Navigation Devices are helpful. You can add Trivia Questions, A Quiz, Prices, or Raffles for example. You can make dash plaques, in the past members have used the regular dash plaques, some have been creative with packages of hot chocolate, or apples, or paper leaves, or paper

horses, even a compass. You can also collect items for our charities – gloves, scarves, hats, socks, and food items - anything.

**Incentive** – Piece County Mustang Club will help with up to \$100 to set up a cruise. You must show receipts to be reimbursed. This is to help with anything – dash plaques, raffles, shoe rentals, printing. PCMC will not cover more than \$100, so watch what you spend. Some members have been able to set up a cruise without using the incentive, but it is available if needed.

**HELP** – If you need any help, please ask. Most of our members would be willing to go on a test run or help with a route or give some guide lines or feedback.

**Please Note** – You don’t need to follow these tips, planning a cruise can be lots of fun and very simple – it is inviting your friends to join you on your adventure.

## Mustang of the Month

**Bill and Carol Patten**

### **2010 Candy Red GT Coupe**

I have liked Mustangs since I was a little kid. I have been into cars since my older brother put me in the driver's seat of a Ford GT when I was four. My Aunt had a blue '68 coupe, and I thought it was a nice car. Then when I was in sixth grade, one of the teachers at my grade school had a '69 Mach One with a shaker hood, louvers on the rear window, and the rear wing. Wow!

My tastes changed over the years, and I tended towards sports cars and road racing, rather than American muscle and drag racing, but my desire for a "Stang" came raging back when a classmate of mine at an Air Force Tech school had ratty '69 sports roof. He spent all his money on the engine, and damn that was a fun car!

When I married and bought a house, a co-worker offered to sell me his '69 for \$3500, but having bought my house four months ear-

lier, it would be a long time before we had a spare \$3500, let alone the money needed to restore it to running condition.

For the next 20 years, I bought toy cars and pointed out every Mustang, Cobra, or Shelby on the road. Carol finally got so sick of it that she bought me this candy red metallic 2010 GT for my birthday last year. Now, I'm working on her to get that 2016 GT 350.....

I had to include this non-Mustang as well. Ask Paul Geise about his parade costume from the 1950's. Great car Bill and Carol

## November Events

### Event Planning for 2015

### November 1st at Carr's in Tacoma

We had quite a nice turn out today for our first ever planning event. There were 15 members that showed up ready to plan some fun for next year. We've got some new destinations to explore and a couple of new events as well, and a couple of new members have stepped up to plan an adventure or two. Nice job everyone.

### PCMC Friday Night Dinner - Nov. 21 at Ben Dews Grill in Tacoma

Once again, club members met for a tasty dinner out together. This month it was a Ben Dews Grill in Tacoma.

There was a great turn-out with about 20-25 people taking time to sit, eat, and enjoy the company of other club members.

The food was great. I saw everything from large sandwiches to tasty salads, from breakfast for dinner to early turkey dinners. While people enjoyed their meals there was lots of story telling and laughter from all corners of the room.

These really are fun events. We will not have one in December because we will be enjoying the holiday potluck but look for more to come in the new year.

If you have a suggestion for a place that can handle a large, semi-rowdy crew with their cool looking cars, let the club know .

(photographer forgot her camera....but see how much fun we have even in black and white!)

## Bearzaar

November 22 in Olympia

We were a convoy of 4, 2 red Mustangs and 2 black and 1 F-150. We met a green Mustang in Olympia. We cruised the parking lot for about 20 minutes till all of us found parking, then braved the crowds inside.

We all went in different directions but decided on a place and time to meet up to cruise to lunch. Most of us came away with some goodies.

Then it was off to Brewery City Pizza for a no host lunch. Only one of us went on a cruise within a cruise! Bet you can guess which car that was. Lol.

Thank you Monika for organizing the day.

Rain or shine!

Who is hiding? Again...

## MCA Award—2014

Mustang Club of America presents a certificate each year to clubs who earn 100 points in any combination of activities in the calendar year. These points can be earned in such ways as:

- Having a monthly newsletter
- Participating in parades
- Sponsoring a local show or regional show
- Sponsor local charity
- Sponsoring a cruise night

PCMC applies each year and once again received the President's Award. This speaks to the commitment of our club members to not

only promote and celebrate the Ford Mustang but to work together to support the local community as the club contributes time and money to local charities.

Yes, it is a lot of fun to get together with others and go "vroom vroom" with our engines and watch people point and say, "nice car." It is, also very rewarding to work together to support local causes that help kids and others in our area that are less fortunate.

Congratulations and keep up the great work!

## 2014 Sumner & Puyallup Hometown

Well the paperwork has been submitted and if you're like me, you can't wait for Saturday, December 6th to arrive.

I just want to let everyone know that the cool little suction cups used last year are at Lowes. They also have abundant supplies of LED lights in assorted strings of 50 & 100 lights in colors or all white. Remember to power these you will need an AC inverter to plug into your car's lighter or AC adapter outlet.

As soon as I receive the information from the Puyallup Downtown Association & the Sumner Main Street Association with staging directions, I'll get them out via email.

I'm also looking to see if anyone (2 to 4 people) would like to carry the club banner in front of the cars in either or both parades. Anyone interested please call Missy at 253-565-0592 or email at: [maryhelenwillert@yahoo.com](mailto:maryhelenwillert@yahoo.com)

If you want to come out to either parade and cheer on your fellow PCMC members, the Sumner parade begins at 2:30pm and goes west down Main Street from the high school to Kincaid Street.

In Puyallup the parade starts at 4:00pm and begins at Main and Meridian and travels south on Meridian just past the Pavilion (Pioneer Park) then turns right for about one block.

Be sure to bring your camera to snap some pictures of the festively adorned Ponies.
