Hello Mustang Friends. The sun is shining and it looks like Spring is in the air. The club is growing

with new members joining every month. We have our first two members with 2015 Mustangs. There are a lot of activities coming up so check the schedule and come out and join the fun.

The club is helping Korum Ford with their Peanut Butter Drive. We would like to have 100 jars of peanut butter by the June Membership meeting. This is a big goal but I know this club is very generous. You can bring them to any club event or if your schedule precludes you from making any events prior to the June meeting I would be happy to come and pick it up from you. I love driving my car and any excuse to get out is good for me. Just give me a call (253-227-4006) and I will work out a time and location.

Thank you to Pete and Nancy Freeman for organizing the Kitsap 9/11 Memorial cruise. It was a fun and emotional cruise. If you were unable to attend please find the time to go. We have added the information about the memorial below for your convenience or check out their web page at www.kitsap911memorial.org.

Fifty percent goes to one of the charities we support.

Missy has set her goal this year at \$600 so we will be hearing from her a lot. Be ready to give at any PCMC event. **We are up to \$172! (only \$428 to go)** We can do it!

This fund raiser is fun and the more we collect, the more goes to our charity. Fun and a good cause!

Don't forget to order your tickets for our Day at the Ball Park by July 20th.

Because this is the last weekend for the Rainiers this season and a Friday Night Fireworks event, they are expecting a large crowd. We have reserved 20 seats and can reserve more but the sooner we get our seats the better the chances are we can all get seated together.

Tickets will include a hot dog, chips and beverage, club recognition on the board, reserved seats, and program for \$11.50. For \$17.50 you get all of those "goodies" plus a Limited Edition Tacoma Rainier's Hat!!

See the flyer with the ticket order in the Flyer section of this newsletter. Please bring this to a club meeting or send it into the club (info on the flyer) as soon as possible.

This is going to be a fun event. We hope to see a big club turn out.

Mustang of the Month

Tom and Mel Henderson

2014 Ruby Red Metallic Convertible— “Maria”

In November of 2012 Mel and I headed off to Hawaii for a week. We knew we were going to have good weather so we splurged and rented a Mustang convertible. My car at that time was a Honda S2000. The Mustang was the typical rental fleet V6 Premium Automatic. I quickly learned that the V6 had plenty of power and would really go. The car also handled surprisingly well and was very comfortable and quiet. By the end of the week I realized the paradox of my S2000 – I loved to DRIVE it but I didn't really much like RIDING in it. It was fairly cramped, rode somewhat harshly unless on really good pavement and was kind of noisy.

By the time we got home I had pretty much decided to buy a Mustang. I had heard about the 2015 change to IRS and considered waiting, but on January 4th I went in to Lakewood Ford and ordered a 2013 Red Candy convertible. I heard back from the salesman on the 5th that Ford had already closed off 2013 orders and it would have to be a 2014 and the color had changed. I took a look at Ruby Red and decided I liked it even better. So on the 7th my order went in and on February 28th I took delivery.

I was trying to come up with a name for her and

was listening to a Kingston Trio album when *They Called The Wind Maria* came on. Perfect, I thought. Top down and wind in my hair, so Maria it was.

I had earlier signed on to a week-long coastal tour that was organized by my S2000 friends so we took Maria. S2000 owners are very easy

going about that sort of thing. I had become very comfortable with shifting it myself using the SelectShift button by the time we got to Leggett, CA. We took Hwy 1 toward the coast and I was having a blast with the way she handled. I had 4 S2000s ahead of me but pretty soon one pulled over to let me pass, then another did the same. The 2 that were still ahead of me just could not get that red thing out of their rear view mirrors. I have since run auto-cross with her on several occasions.

She has also been on the road. We drove to Dallas for Christmas with our sons in 2013 and took her on a western states National Parks tour last year. She's a delight on the road and returns about 30MPG or better. She'll be hitting the road again next month on a two-week plus trip up into Canada. I've had her for a little over two years now and the odometer reads over 30,000 miles.

The only problems I've had with her were failure of the SelectShift button (it became very difficult to upshift) and the driver's side window needed adjustment (it was not rising quite as far as it should). Lakewood Ford took care of both of those issues under warranty. She is the first domestic car we've owned in over 40 years and I have been really happy with her. The Ruby Red body with stone top and interior are a stunning combination and she gets lots of compliments.

May Events

9-11 Memorial Cruise

May 9

On one of the most beautiful days of the year so far, the club took a beautiful cruise. We started in NE Tacoma and ended at Evergreen Rotary Park at the 9-11 Memorial. If you were not able to attend, I highly suggest getting the directions from Pete and Nancy and going on your own. The park is well worth the trip.

We began with a collection of toilet paper for charity. The club came through with 172 rolls of toilet paper and 19 rolls of paper towels. We cruised through the beautiful Peninsula along Yukon Harbor, Poulsbo, and Bremerton.

We ended the cruise at Applebee's in Gig Harbor for lunch on the way back.

In Bremerton, we reached our destination of the 9-11 Memorial in Evergreen Rotary Park. From this observers perspective, a moving scene. As we approached the memorial, above the two beams from the Towers, with the Flag framed between them, two Bald Eagles flew over to welcome us. I wasn't quick enough with the camera but it was an amazing sight.

As we all moved around the memorial, it was interesting to see people taking in the view in their own personal ways. Sometimes looking up and touching the towers, sometimes looking down at the story told of that day. Sometimes looking at the event through the eyes of children whose art was displayed

on tiles, and sometimes just taking a moment to remember that day, the people lost, and the impact it had and continues to have on us all.

Before we left, the club gathered around the beams and Pam Pistella lead us all in the Pledge of Allegiance. I know that for Paul and I, we plan to return with our children and grandson.

Thank you Pete and Nancy for the cruise. Thank you Bremerton for the beautiful memorial. Our thoughts continue to go out to all who were lost and to their families. And...thank you all who serve or have served to make America a safer place.

(See next page for more information on the memorial itself. Thank you Nancy and Pete for sharing.)

Friday Night Dinner

Sizzler May 22

Once again PCMC members met to eat and tell stories. This month it was the Sizzler at the end of Hwy 512.

We had 23 club members there enjoying steak, seafood, and endless salads.

Missy had her 50/50 out and the sign-up for the car show made the rounds.

Rachel collected about 20 jars of peanut butter. I don't know what The Sizzler management

thought as people came to dinner carrying bags of food. As of this event the club has collected 43 jars.

It is fun to get together and enjoy the company and the food and club business gets done at the same time.

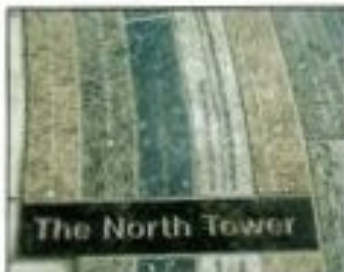

Next month the dinner is June 19th at The Hanger Inn. Don't miss the fun.

Kitsap 9-11 Memorial

Bremerton, WA

The granite stories are told in a giant clock - due North is the top of the hour; South is half past the hour; and East and West are the quarter hours.

Example: Flight 11 departed at 7:59 (just before due North), and struck the North Tower at 8:46 (just past due West).

Each ring tells a story of what was happening in a different location.

The first 4 rings tell of the circumstances on each of the 4 hijacked flights.

The two steel beams reflect the two towers and are positioned in relation to each other in the same relation the North Tower and the South Tower were to each other.

Viewed from the west the beams lean to form an arch and remind us of ground zero. Viewed from the north or south they stand straight upward as the twin towers did before 9/11.

EXPLORE

The Design

NOT SIMPLY TO
BE VIEWED —
BUT TO BE
EXPERIENCED.

The next two rings tell the circumstances happening in each of the two towers. The last ring tells of the events at the Pentagon.

The innermost granite ring is the same diameter as the fuselage of a Boeing 767. The 7 squares are the same size and spacing as a row of seats in the plane.

The 400 lb. limestone cornerstone fell from the façade of the Pentagon when a portion of that structure collapsed on 9/11.

The colorful ceramic tiles were painted by 10-year olds who would have been born in the same year as 9/11, and depict the theme "What a Hero Means to Me".

These children represent our next generation of heroes.

Our American flag will forever fly over this memorial proudly reminding us that we live in a country founded on liberty, justice, and freedom for all.

From Washington state to Washington DC, and everywhere in between, we are one nation forever united.

For the nearly 3,000 people who perished that day, each tree represents roughly 100 individuals who lost their life. Ginkgo's are symbolic of longevity and resilience.

The curvy pathway symbolizes those in the WTC who were trying to find their pathway to safety.

The glass block contains a handful of soil from Shanksville, Pennsylvania where Flight 93 crashed.

Informational Article: Part 2 - At the Show

And the story continues.... (suggestion from a member and my own observations)

So we went to our first show of the season pretty confident that we had followed all of the suggestions from last month's research. We cleaned the engine, took care of the leather and plastic in the interior. We vacuumed even under the mats and took out the old hats, coats, and various other items from the back seat. We removed those candy bar wrappers that even I thought I was kidding about, but there they were.

Our next step was the exterior where we washed, clayed, polished, waxed, waxed again, did the clean and polish to the windows, washed, sealed the windows, and then waxed a 3rd time. I left out the naps but those fell naturally into the process.

We then packed for the trip with the car kit full of Speed Shine, Spray on Wax, towels, tire cleaner, etc. We had water and sunscreen and all the snacks.

So we got to the show, put on our sunscreen, cleaned the spots that needed it from the travel, changed out the mats, cleaned the tires, set up the display, and sat back to relax and enjoy the show....

There were some gorgeous old classics there. We watched them all come in and take their places far from the upcoming baseball game. As we watched, I noticed that we seemed to be done pretty quickly compared to the other owners. Gee we must be good!

But wait...what are they doing? I saw towels, paint brushes, touch-up paint, gloves, all sorts of things magically appear out of bags and trunks of cars. It was like watching Mary Poppins and her carpet bag (if you have young kids or grandkids you know what I mean). Clearly there was more to be learned.

So here is what I took away from this event...

The Car:

First thing you do at the show is empty the trunk and/or back seat depending on where you have stashed everything. You do this right away for a couple of reasons: 1) so you can find everything and 2) so you can claim your spot!

After organizing outside the car, you put on the gloves and start to clean. Take the dust and pollen

off with a micro fiber duster and/or Swiffer for the inside. Use the Speed Shine or equivalent to take those water spots or any road grime off the exterior of the car.

You then open the hood. There are more creases and crevices than.... well we won't go there! Polish with your Speed Shine and towels. Take a soft paint brush to the hard to get spots and clean up the dust and dirt. Use touch-up paint on the latches that are constantly marked from normal use. Walk around the car to double check everything.

The Bag: (and trunk)

Here are a few ideas from my observations:

- Soft-brush paint brush
- Sharpie (name card from registration pack)
- Clipboard with a plastic sheet cover (voting)
- Gloves (keep finger prints off car when cleaning)
- 2 bags (one garbage and one for used towels)
- Touch-up paint (your own car color....)
- 2 sets of keys (many reasons!!!)
- Reading materials
- Camera and extra memory (remember to charge it the night before)
- Snacks, lunch, water, sunscreen, etc
- Some way to fasten the name/car number to the front window
- Portable vacuum, charger, power cleaning tools
- Presentation materials—signs, stand, display books, hats, coats, etc
- Chairs
- Windex (and window towels)
- California Duster (for mid-show freshening up)
- 6 x 6 Tarp (cover your stuff in rain)

(continued on the next page)

Informational Article:

(Continued)

You:

Do your math! Yah, the stuff you learned and so quickly forgot from high school. It is called percentages. There are lots of cars at these shows and far fewer awards. REMEMBER that you came to have fun, enjoy some beautiful cars, talk to other people who are doing the same thing and that winning is not what counts at the event. Winning is not what counts! Winning is not what counts! I say that several times because I was an athlete (no laughing) and a PE teacher for a good portion of my career. It is not easy to remember that thing about winning. I used to tell the kids, "winning is the icing on the cake, not the reason for baking it!"

So what do you do while there? Here are some tips stolen and modified from "The Galloping Gazette," Sun County Mustang Club, Moxee, WA (March 2007):

- Wander, look at other cars, and talk to other car people. (good time to locate and rate the portapotties as well)
- Be prepared to answer lots of questions about your own car.
- Wear comfortable shoes because you will be doing a lot of walking.
- Car shows can be long and hot. Wear a hat and/or sunglasses to avoid over-exposure to the sun even on cloudy days.
- Don't hesitate to compliment others on their cars but never criticize no matter what. Remember what you like to hear about your own and what you don't want to hear.
- Those please don't touch signs are not a "suggestion" they are an expectation. You know

all the hard work and tender loving care you put into preparing your car....others did the same!

- Take photos, lots of them, if you wish, but remember not to hog the car. Make sure that you are quick and not interfering too long with the other viewers. If a car owner doesn't look pleased that you are taking pictures, ask and/or "step away from the vehicle." There are plenty more at the show. Another thing about photos, watch your camera and accessories. Tripods and monopods are generally not a good idea around the cars. Sometimes I carry a "chain pod" but am careful that it stays in my pocket until needed (away from the car) and doesn't swing freely near the car.
- Pay attention to what is going on around you. Cars sometimes come and go and people are walking all around the cars.
- If you bring children or pets, please pay attention to what they are doing for their own safety and as a courtesy to other car owners.
- Trophies are awarded at the end of the show so don't leave early.
- If you win a trophy, "Well done!" Whether you do or not, look at the other winners and see what ideas you can find to use at your next show.

Most importantly: Have fun and help others do the same.

JUNE 5 - 14, 2015**

Korum Ford-Lincoln is proud to partner with the Ford Focus on Child Hunger campaign to collect jars of peanut butter for the Puyallup Food Bank. Peanut butter is a highly desirable staple to feed kids, but is expensive and difficult for them to get during the summer months. This peanut butter drive will help fill the shelves of the Puyallup Food Bank and make an impact in our community.
