Well, the rain held off for most of our first club cruise of 2016. Thank you Clay for a fun drive to the Rusty Tractor in Elma. Looking forward to the Cupid cruise Saturday, the 13th of February. Nothing better than cruising around town and finding some of the sweet chocolate spots!

Don't forget that membership dues of \$25 per family are due again. You can mail them in to the club's PO Box address, bring them with you to the Cupid cruise on the 13th, the next Car Show meeting on the 9th, or to the next general membership meeting on the 16th. We are also accepting PayPal payment for dues renewal now, with a \$1.05 surcharge.

Please keep Dennis and Missy Willert in your thoughts. Dennis will be having a triple bypass surgery in the near future. Hope you have a speedy recovery Dennis.

New Business

Car Show - Charlene Rivera and Missy Willert - 2016 car show planning meetings have started you can join us on February 9 at 7 PM at Pete & Nancy Freeman's. We are looking for sponsorships. If you know of a business or if you would like to sponsor a class, please let us know. We are also looking for raffle items or goodie bag items. If you have anything please bring it. It is also time to start thinking of volunteering at the show, try something new - if you would like to volunteer please see the sign-up sheet. Car show t-shirt early bird orders will be available next month. A big thank you to Burt and American Home Center for printing our car show flyers in color on nice paper for free, this saves PCMC about \$600.

Cupid Cruise - Charlene Rivera - February 13 we will be meeting at Panera Bread at the South Hill Mall at 9:15 leaving at 9:30. We will be visiting two chocolate stores and ending at Emerald Queen Casino in Fife for a no host lunch.

Hooked on Driving Raffle - Charlene Rivera - Thanks to Don at Hooked on Driving for donating a gift certificate for us to raffle to earn money for our car show. Tickets are \$5 each and the drawing will be at March's General Meeting. We will have a club track day October 8, more information to come.

Mustang of the Month

Greg Zirkle

2005 Red and White Roush

Greg bought his Roush Mustang in 2010. He says that it is a fun car to drive. It is a Stage Three which means it has everything that it needs to make it fun including a 425 hp motor that performs well, handles great and is easy to drive fast.

in 2015)

- Stage 3 means it has greater horse power and torque with changes to the suspension, braking, and body systems

Facts from: <http://mustangs.about.com/od/roushmustangs>

Greg Zirkle

PS

For those of us who know the name Roush but that is all, here are a few facts:

- Jack Roush has been the manager for “numerous racing teams over the years”
- 1995 ROUSH Performance Products was created
- 1st complete vehicle package was offered in-house in 1997
- Greg’s is a 2005, which is the 3rd generation Roush Mustang (4th Generation began

(no picture available of Greg’s beauty)

Trivia: (especially for my husband)

Q—What is the patterned Rock Mountain formation on the east side of Zions called?

A—Checkerboard Mesa (what else could it be!)

Mustang Gear and "Bling" Dealers

So a member suggested identifying places to purchase those all important modifications for your ponies. I got 5 pages from one and more from others. I believe the best way to distribute this information is a little at a time. I will fill in this section with as many as possible each month. If you have additional resources, let me know. So far, thank you Pete and Missy. I have not dealt with all of these so you can talk to members or check them out yourself for quality and pricing.

Informational Article:

Shows are Right Around the Corner

I know we have just gotten rested up from last year's work but here it comes again. That time of year to stock up the garage with:

- Clean microfiber towels
- Car wash
- Polish and wax
- Window cleaner
- Tire cleaner
- Leather cleaner and conditioner
- Check the brushes, sponges, and power buffers
- Show cleaning supplies

I am sure I left some items off the list but we need them too! My husband says so.

So I did some looking to see what was new out there. I found new micro fiber towels and applicators, new and "improved" power orbiters. Check out your favorite brands and look for new products. The brand we use has new show paste wax, wax removal towels, and hand applicators to name just a few items.

I did find one site that had unusual tips. I am not sure about using hair conditioner with lanolin to wash the car. Maybe you've tried it?

The real message is, start stocking up because those **shows are right around the corner**.

Don't Forget the Trip to the Show and Home

Some shows are close by but for others there is some travel time. My husband and I can chat about the kids, the weather, what we will do when we get there, what I want him to do when we get home, and all sorts of other things.

However, being married to an ex-professional musician we often have music on. What I have learned over the years is that he can name that tune in 1 note and change the channel before I have figured out that the radio is on.

If you have a similar situation in your car, here is a thought, Mustang Songs! Sure we all know "Mustang Sally" but did you know there are at least 50 songs that mention the Mustang.

Check out some of these:

- Wild, Wild Mustang—Dick Dale & the Del-Tones
- My Ford Mustang—Chuck Berry
- Move Out Little Mustang—The Fantastic Baggys
- Shelby GT 356 (yes, that is the real title—

Google it!)—The Chesterfield Kings

- Nowhere to Run (actually a video shot in a Mustang assembly line)—Martha and the Vandellas
- Mustang Ford—T. Rex
- Sweet Thing—Keith Urban

And so many more...

January Events

Rusty Tractor Cruise

Jan 16

I don't know about the rest of you but I was starting to get "cabin fever." It has been getting so bad that I think I said

"yes" to some of the new modifications my husband wants to put on our Mustang. It is a good thing we got out and about today!

It appeared from the turn out that I wasn't the only one ready to get out of the house. We had 16 cars and 23 people today on a very nice cruise. Another sign that I was ready, we took off north across the Narrows Bridge to start our trip and suddenly I realized we were heading south toward Shelton and Olympia on some very nice backroads. I was all turned around.

We stopped in Allyn at the Sail on In Espresso & Eatery. Some of us "sailed on by" and had to turn around. The capacity sign said

19 but they took care of all of us. We had raffles for coffee cards and they got used.

Next we took off (some direction) and ended up in Elma at the Rusty Tractor. They were ready and waiting for our crew. We had more raffles for lunch coupons and enjoyed ourselves immensely.

We collected 19 hats, 43 pairs of gloves, 4 scarves, and 2 coats for charity.

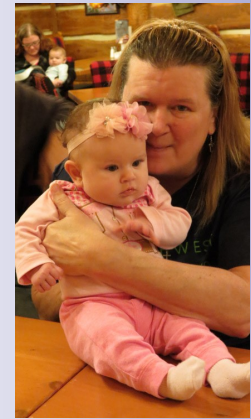

What a great day! Thank you Clay, Robert and Missy (on dash plaque duty).

Friday Night Dinner Out—Famous Dave's Jan 22

Friday night and it is time to eat! Where did we go in January—Famous Dave's BBQ. What a taste treat to drive the winter blues away. We had long time members, brand new members, "life experienced" members, and "just peaking into life" members. We played "pass the baby" with Dallas-Rae and pass the napkins for just about everyone. BBQ just isn't BBQ if you don't have to use nearly an entire role of paper towels per person. Mostly we got the napkins before the baby.

There were 23 members plus the baby. We had delicious, finger lickin' good food and what was that amazing desert—Kahlua and chocolate brownie surrounded with ice cream!

Next month we are at Elmer's on 74th. Don't miss it!

We all know that the Mustang was introduced in 1964, but did you know (or remember) what else happened in 1964?

- Rolling Stones released their first album (also in April)
- Beatles made their 1st appearance on Ed Sullivan.
- Summer Olympics were in Tokyo and winter in Innsbruck, Austria (yes, the same year)
- The computer mouse and bubble wrap were invented
- Gasoline was \$0.30 per gallon

Performance Coatings

Offers a high heat ceramic coating that is capable of withstanding temperatures of 1300°F in *Chromex*™ and over 2000°F in Satin. In addition, it has very good chemical & corrosion resistance and possesses excellent thermal barrier characteristics, providing a dramatic reduction in radiated heat. This means reduced under-hood temperatures, accelerated exhaust gas velocity, and a longer life expectancy for the entire exhaust system. Stop by and check them out.
