Mustang of the Month

James & Luann Hansen

1965 Burgundy Convertible

2015 Sudden Impact Blue Coupe

We were surprised to be selected, thanks.

In 1984 I was a student in a business school trying to get my life back together, and then "it" happened. I saw a student, a blonde, get into her 1965 Mustang red convertible. I was hooked. Luann and I merged our families together and raised our three perfect children. Like so many other young families we had to sacrifice our Mustang, but we never forgot or gave up on our pony car love affair. I became a truck driver, we moved to Cushing, OK. Luann got a job at Oklahoma State University Veterinary Teaching Hospital. We bought a 40 acre ranch raised meat goats, cattle and horses. Our kids were in 4-H and FFA. Our ranch trucks were Fords of course. We lived in Oklahoma for about 18 years. In 2007 James went to Iraq as a combat convoy truck driver. Our son and both our nephews were serving in the military. James is a Vietnam vet, and he had to go help. In 2009 James had a bad day in Mosul, Iraq. He shattered both of his ankles and left heel which left him 100% disabled.

Sooo, we went through a major change of life. Luann went back to school and became a nurse. I became a domestic engineer. We sold our ranch, auctioned off all the livestock and ranch equipment. A very sad day. 2012 we went to a Leake car auction in Tulsa, OK. We found and bought a 1965 "C" code Mustang Vintage burgundy convertible. Nice looking basic pony car. When we received the registration paperwork we found out that the car had come out of a car museum and had 28,000 original miles and was numbers matching. Luann's skill as a Mustang fan, gave us back our first love. Also for fun, we bought a 1979 Mercedes 450SL with a beautiful yellow color. Our daughter called and asked us to move up to Tacoma where she was living with four of our grandchildren. She was divorcing her husband and needed our help and support. 2013 we moved, bought a house in Lakewood. 2015 we went to the PCMC car show at Lakewood Ford enjoyed looking at all the Mustangs that were there that day. We had been talking about the 50th anniversary Mustang for a long time. It was exciting to

actually see them there at Lakewood Ford. I was looking at the Limited Edition 2015 and was wanting to talk to Luann about it but she was looking at the 2015 GT 50th Anniversary Edition Mustang with a beautiful Deep Impact Blue color. She looked at me and said "you better buy me this car or else I'm going to have to steal it.. one way or another it is going home with me.". So "Uncle Bob" gave us the keys and said we needed to take a test drive. Luann took the keys jumped into the driver seat and off we went on the 512 freeway for a little test drive. Luann is 5'2" with a 6' attitude and a lead right foot. She stepped on the gas and we were going 90mph before you can say yee ha. We were both hooked and now this beautiful fun car is in our garage with her older sister "the bookends" we call them. We love all the new technology in the 2015 all the bells and whistles.

Our license plate frame on the 2015 best describes our feelings about our cars. Life is too short to drive BORING cars. Enjoy.

Informational Article: Your Space, Your Story

A few months back a member sent in an article about how to create a safer way to secure those electric garage doors when you might be out and about in your Mustang for a few days. Later, a member sent in an inspirational story about their family involvement in building and restoring that classic Mustang in the garage or from their past. We have had articles about how to clean for a local show and how to clean and travel to those out-of-town shows.

Now, I don't mind telling stories about my husband's misadventures in the garage and elsewhere, but frankly he has lived those stories and is ready to hear about others. I can tell you that even with the magnetic finger glove he still drops the nut behind the amplifier in the trunk when repairing the rear brake/blinker lights. I have learned a whole new set of vocabulary and I was a middle school assistant principal.

We have members with new cars added to their garages. New cars or not, what is your story? What is the story behind Roush or Saleen or Foxbodies or where ever your passion lies?

Some of you are very handy in the garage. What can we learn from you about modifications or repairs? Maybe you didn't do them yourself but you were inspired and had someone else do them? Is there a story you would like to tell?

Besides the cars, we have people stories. I know there are some of you out there that have "**interesting**" things happen to you all the time. Can we learn from you? Can we smile with you? (remember we "aren't laughing at you but with you!")

Have you read a book that might be of interest to others in the club? Was it technical? Was it historical? Did it tell a Mustang story whether fiction or non-fiction?

What trip have you taken? Did you take the "Stang?" How did it travel? What was special along the way, the scenery, the curves in the road, the other Mustangs or Mustang enthusiasts? (This is a Mustang Club after all.)

This space is for you. What do you know that we could learn from? What story would bring a laugh on a rainy day? What story would inspire others? Half a page works. This one is already too long...

See you on the road...don't forget to wave!

Ideas for Future Articles:

Send me your stories or ideas by the 25th of the month!

What do you want to know about?

Send to: pcmceditor@gmail.com

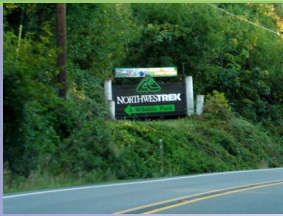

Hey! We have already had some GREAT cruises this year. Don't miss the ones coming up.

While we are at it....Do you have ideas for a fun cruise the club could take in the future? Let a board member know or watch the calendar for our planning meeting and join the fun! The planning meeting is at the end of this month.

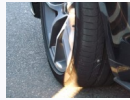

September Events

NW Trek—Cruise to the Wilderness Sept 10

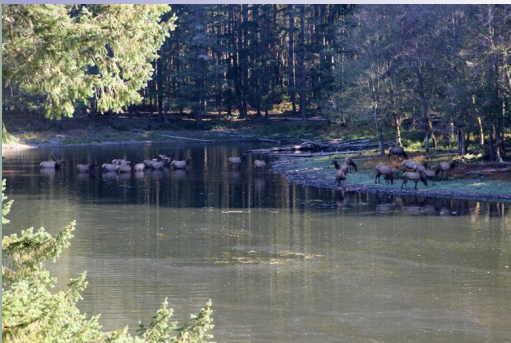

Mustangs weren't the only wild life to be seen as 8 cars and 17 people took a short but nice cruise through the back roads of

Graham to NW Trek. The weather had been all over the place this week but on this Saturday it was a beautiful day to see what the Pacific Northwest has to offer in the way of wildlife. We were not disappointed. (Although one Stang started with a bit of a disadvantage.)

As the tour guide pointed out, we saw everything they have at the park and then some. We started and ended with an Elk herd of females with one LARGE bull. The lonely male herd was

deeper into the tour. We saw all 5 moose including, Nancy, the young daughter. We saw rams, deer, swans and a large flock of Canada

Geese that flew in for our viewing pleasure. We even saw one Elk looking for a fight with our tram!

We had some adventurers that took a side trip into the trees. No ambulances were called and no screams heard.

Well, we did hear one when Nancy heard that one of the moose shared her name.

There was a lot to be learned as we took the hour long tram ride through the park with some amazing sights to be seen before strolling through some of the other exhibits and having lunch.

Don't let these folks have ALL the fun. Join us on our next cruise, Aw Shucks! Cruise (Oyster Festival).

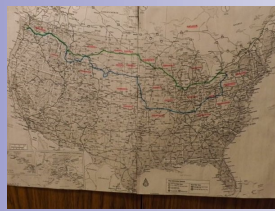

Ponies On The Move —September (July and August too)

What do our members do when they aren't hanging around together eating and cruising and going to our own show. Here are some examples.

Pete and Nancy Freeman went to **Niagara Falls** in July for the national MCA show, "Mustangs on the Niagara," hosted by Western New York Shelby and Mustang Club on Beaver Island, NY. There were over 400 Mustangs at the show which included a 100 car cruise to the Falls. Koolrde earned the points needed to receive a MCA Grill Medallion.

Nancy wrote, "The trip was 6,500 miles and while there weren't any of our infamous "cruise within a cruise" adventures we didn't exactly travel a straight line to get there and back. All in all, we traveled through 20 states, 6 twice, 1 three times and 1 Canadian province."

They had an encounter with bison along the way and from the sounds of things visited every tourist attraction between Tacoma and Niagara. According to Nancy they waved at 22

Ford dealerships along the way which is good news as it meant there was no need to stop for repairs.

Paul and Heidi Geise, Pam Pistella, and Jason Dingleline all attended Horsepower at the Harbor in **Oak Harbor**. A small but fun show of about 41 cars and beautiful views of the harbor and Decep-

tion Pass on the way into the show.

Chuck Botsford traveled to **Dearborn, Michigan** for the Mustang II gathering. He said the trip was a nice one. He even met one buffalo fairly up close when it decided to walk down the yellow line on the highway. It seems our stangs and large mammals have an attraction of some sort. No major incident except that his car was not fond of the high altitudes. There were lots of cars at the show to see and admire.

Bill Norman, Donna and Bryan Zimbelman, and Pete and Nancy Freeman traveled to **Calgary, Alberta, Canada** for the International Mustang Meet. Here there were 425 Mustangs and Fords and lots of fun things to do including a luge race. Nancy be-

lieves she was passed by a 3 year old....Donna insists the child was at least 4! Ask Bryan about the sign reading "Watch out for pedestrians on highway" and then the loud bump as

he ran over a large, hairy, boney thing. Hmmmm. Well, I can't wait to hear that story.

Donna and Bryan said they had a great time. The show "hosted a fun keg social with games and pictures, and a BBQ." They met lots of new Mustang friends and had a great time on the side adventures with the PCMC crew.

We had cars in a couple of **America's Car Museum** cruise-ins which are always fun and I think I heard rumors of cars in cruise-ins at **Griot's** as well. (continued on the next page)

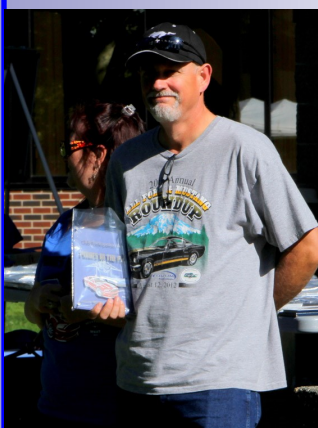

Ponies On The Move —September (continued)

The middle of September saw 13 members and 8 cars head to **Yakima** for Mustangs in the Sun. In attendance were Butch and JayJay Blodgett, Paul and Heidi Geise, Melissa and Jim Larsen, Bill Norman, Sam and Vickey Olson, Wayne and Pam Pistella, and Larry and Charlene Rivera. Ask Jim and Melissa about their winning "Hard Luck" story and what is the grin about on Bill Norman's face?

It was a very nice show with lots of beautiful Mustangs and some gorgeous non-Mustangs and non-Fords.

I hope I didn't miss anyone's Mustang show trip. We were a busy bunch. Excuse me, herd or if we were Australian, a busy Mob of Brumbies. Whatever you call us, we have fun. If you do a show in October or visit a Mustang related event or show, let us know so that we can all hear about it.

And a final September show in Lacey where we had 29 cars and won \$100 for Club Participation that will go to our charities. It was a beautiful day in the park with lots of gorgeous cars. Our members did well in the award categories and had fun in the process.

P.C.M.C. Cruise to Oysterfest

Sunday October 2nd

OysterFest is the state's official Seafood Festival and home to the annual West Coast Oyster Shucking Championships. Guests can enjoy a massive selection of delicious seafood dishes including, of course, an assortment of fresh oysters prepared in myriad different ways. The festival also has a Microbrew Garden with its own music stage and a Wine Tasting area exclusively spotlighting Washington wines. Live Music throughout the day adds to the festive vibe. In addition to the Shucking Championships, there's a cook-off as well as an art contest, and Sunday is Kids Day that will offer an array of fun activities and exhibits for the youngsters. For more information go to www.oysterfest.org

Tickets to OysterFest are \$5.00 sold on site.

***Meet at the Highland Hill Safeway on 6th Avenue
8:30 departing at 9:00***

The route will take us across Key Peninsula North via the Purdy spit. We'll circumnavigate Case Inlet through Allyn and Grapeview with a stop at the Port of Allyn Waterfront Park to recycle some morning coffee and possible photo opps weather permitting
