

# MICHAEL "LITTLE MIKE" "MIKEY" LANIGAN

It is with great sadness that we must say good-bye to a dear friend of our Mustang family, Michael Lanigan.

Mike joined PCMC in August of 2007 and was an active member up until his unexpected death in June. He could always be counted on to help out in

any way and over the years coordinated cruises, served on the board and was a wonderful ambassador for the club.

As word of Mike's death spread to those both in and outside the Mustang family many of the same phrases were written about him: infectious giggle, big, big heart, joy of getting together with others, he loved to play cards, his extensive car knowledge.

One member remembers that "when we first joined the club, Mike was very welcoming and could always be counted on to be happy and help us navigate this amazing world of car clubs."

Mikey loved cars and particularly Mustangs. One member wrote, he was a "guy who loves Mustangs and fast cars."

At this time a gathering to remember Mike is still in the planning stages. However, the family has suggested donations to St. Francis House in Puyallup would be welcome.
