

Remembering A Member: Lance Smith

We are sorry to have to report the passing of fellow PCMC member, Lance Smith.

Lance and his wife Sandra have been members since 2005 and until the last couple of years were very active in club activities.

Many of you will remember their pride and joy, the 2007 fire red metallic coupe, "1SWTRID," with it's impressive artwork and murals. Some will also remember his love for playing cards. He was especially happy when playing teams and the guys outscored the gals.

He will be missed.
