Please keep Dennis and Missy in your thought and prayers as Dennis recovers from his surgical complications.

Fall is in the air, and after a rain free summer the rain came (and snow) if only for a couple of days. Thank you to Burt and Connie for a fun adventure around Hood Canal and a great meal. In addition to a fun cruise, several members entered their cars in Ponies in the Sun and Ponies in the Park car shows with several bringing home trophy's. The club received the Club Participation award at Ponies in the Park! Way to represent Pierce County Mustang Club.

We are once again collecting spaghetti dinner items (noodles and spaghetti sauce) to support the Pepsi Guys' efforts in feeding the local homeless community. You can bring your items to any event this month or give me a call at (253)227-4006 and I will make arrangements to pick it up.

Fun for this month:

- On Oct 15th, join fellow club members for a fun fall cruise through the Olympia countryside with several fun stops.
- Oct 21st we will be repackaging food for the Emergency Food Network. Contact Nancy Freeman if you want to sign up.
- Oct 28th is our event planning meeting at Carr's restaurant. This is when we pick the dates and locations for all of our events for 2018. If you are interested in putting on a cruise or other event, please come to the planning meeting or make sure a board member knows the details so we can make sure it is on the schedule.

As I stated above, fall is in the air and with fall comes a very important club event. That's right, I am talking again about the election of your 2018 Board. Our club can only function well if the members participate and hold office. All positions are elected for terms of one year. Please think about throwing your hat in the race. Ballots will be in the November Newsletter and club elections will take place at the November general membership meeting.

Hope to see you all soon,

Greg Robbins

Among Our Own—In Our Thoughts:

Dennis Willert as he recovers from additional surgery.

All who were impacted by storms and fires particularly 2 of our own, **Jim & Deb Blodgett** part of the Seeley Lake Montana Evacuation and **Rachel Wright** part experienced some impact from Irma.

Also the **Ladnier Family**, Mape May, NJ as strong fall storms visit you.

Mission Statement

A social group whose purpose is to promote a better understanding and stronger fellowship in the preservation and maintenance of all Mustang and other Ford Motor products.

Have we got an opportunity for you?!!

Yes folks, it is the time we start looking ahead to the future. We will be electing new officers in November so be thinking about how you would like to contribute to the success of the club. We will elect officers and board members:

President, Vice President, Secretary, Treasurer (although we have voted Nancy in for life on this one) and 4 board members.

From the By-Laws

ARTICLE VI. - Elected Officers/Directors

Section 1. There shall be four (4) elected Officers of PCMC:

President, Vice President, Secretary, Treasurer

Section 2. There shall also be five (5) Directors of the PCMC made up of the past president and four (4) members elected by ballot.

Section 3. The current president and the president-elect shall work together to seek individual(s) to fill Officer or Director position(s) still open following the annual election.

Section 4. These Officers and Directors shall be the governing body of the PCMC, known as the Board.

Section 5. Appointed positions shall be considered ex-officio members of the Board, with no voting privileges but encouraged to attend monthly Board meetings to give reports.

Section 6. All officers and directors will be expected to maintain active participation in the duties of these offices; i.e., attend and participate at meetings on a regular basis, barring extenuating circumstances. In the event an officer or director is not fulfilling their duties, a 2/3 majority vote by the general membership can remove that person from their position.

Section 7. Club president, vice president, secretary, treasurer and MCA regional director must be current Mustang Club of America members as a requirement to maintain regional club charter status.

Section 8. PCMC will pay MCA dues for all officers, directors & regional director.

ARTICLE VII. - Duties of Officers/Directors/ Appointed Positions

Section 1. PRESIDENT:

A. Approval and payment of such indebtedness and expenses necessary to carry on the business and activities of the PCMC as presented by the treasurer.

B. Conduct, oversee and guide the general business affairs of PCMC and other such business activities approved by the membership.

C. Hold and preside over monthly meetings.

D. Act as the official spokesperson for the purpose of representing PCMC to the media, other clubs or organizations unless the president specifically assigns another PCMC officer or director this duty.

Section 2. VICE PRESIDENT:

A. Assist president as needed.

B. Help conduct, oversee and guide the general business of the PCMC.

Section 3. SECRETARY:

A. Take minutes at regular or special membership meetings and Board meetings. Also maintain a record of such minutes.

B. Handle any and all correspondence. Share responsibility of post office box and key with club treasurer, forwarding to the appropriate officers/chairman any related written correspondence.

Section 4. TREASURER:

A. Collect all money due PCMC.

B. Pay from the treasury all debts and expenses directed by the officers of PCMC.

C. Keep records of all PCMC monetary business.

D. Report the financial status of PCMC at each membership or Board meeting.

E. All checks or other drafts of payments shall be signed by the treasurer and one Board member as listed on bank signature card.

F. Share responsibility of post office box and key with club president, forwarding to the appropriate officers/chairman any related written correspondence.

Section 5. DIRECTORS:

A. Chair committees and help with PCMC business.

B. Assist the PCMC Officers and help oversee PCMC activities.

Tom Weathers & Jacque Vote 2017 Grabber Blue California Special

Submitted by Jacque Vote and Tom Weathers

We are excited to join the Pierce County Mustang Club and look forward to meeting members and joining activities. Jacque wanted to look at new cars and after checking out what she referred to as "regular cars," decided she wanted to get a new Mustang. We checked some dealership sites and went to the build a Ford site. Jacque was immediately attracted to the Grabber Blue and decided that had to be the color. She asked me about engines and transmissions. I told her about the Ecoboost engine with its 310 horsepower and the automatic. Jacque wanted to know if it was fast enough to quickly merge on the freeway. Of course, I said.

Off to a nearby dealership we went. We found every combination but not in Grabber Blue. There was however, a Grabber Blue GT, California Special, with six-speed manual. Our salesman checked other dealerships and found one Ecoboost with the desired options but the other dealer would not do any trades with that color. Jacque would settle for nothing less than her favorite blue and wanted the black top and the blade spoiler. She walked up to the GT and said, "I'll take this one." The salesman asked if she was sure she wanted 435 horsepower and a manual transmission. We test drove the car and Jacque knew that was the one she wanted. A couple days after getting the new Mustang, we took it to Ocean Shores for its inaugural road trip. We both

enjoy having the manual transmission and the extra horsepower. Good Times!

I have to share..... we are a blended car family. In addition to the Mustang, a couple Mopars round out our fun vehicles. We enjoy a 1970 Dodge Super Bee of which I am the original owner, and a 2004 Dodge Rumble Bee truck.

Oh, yeah! Right after getting the Mustang we entered a car show together. It was great in that the show had a new car category. The Super Bee took best 70's car and the shiny new Mustang GT took second in the new car category. It was especially gratifying because of peer judging.

Now to have some fun with the Mustang Club!

In the News

Trying to keep up with the Mustang news? Here are a few items to check out.

From ***Mustang Times***:

The 2018 GT will be out (or is out) this fall. It has 460 HP with a 5.0 Coyote V8.

The Ecoboost will put the pony back in the corral on the grille.

There is yet another new Mustang Book for us car enthusiasts, *In Detail: 1969-1970 Ford Mustang Boss 429*. Read it and send me a review.

Our own Bob Fender is running for an MCA Board of Directors position. The ballots are in the ***Mustang Times***.

From the Road:

While at the Mustang Rally in Sturgis, South Dakota my husband and I had the pleasure of meeting John Clor from Ford Performance and his wife. He was the guest speaker at the show dinner. What a great speaker with great stories about why enthusiasts love the Mustang. He shared his passion for the history of this iconic automobile and its place in the automotive history books as well as the influence

people like you and I have had on the Mustang over the years.

Don't be surprised if I start questioning some of you about where your love for your Mustangs came from. Wait....this could be an article for a future newsletter.

From the Mouths of Kids:

At a recent show a gentleman approached me and said that his grandson wanted a horse power car. He didn't know what that was so he asked the 4 year old who immediately pointed to the Mustang Pony on the grille. The young man has good taste!

Looking for an event:

While Pete and Nancy were traveling this summer they connected with MotionU. Check them out at www.motionu.com for a list of motoring events in the area and other information for us enthusiasts.

Keep sending me interesting news you have found.

Life is always an adventure.....

Enjoy the ride!

President's Award

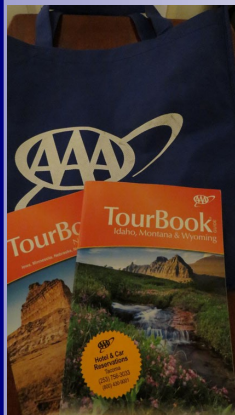

PCMC's MCA Regional Director, Nancy Freeman, accepts the 2016 President's Award from Mustang Club of America, President Jeff Mays.

This marks the 8th year PCMC has received the award based on the club's previous year activities, events, and charitable contributions.

Information Article: Cruisin' in Our Stang

By Heidi Geise

So, it is no secret that I am not a traveler, a trait I am blaming on genetics. I did, however, recently allow my husband and friends to convince me that a trip to South Dakota in our 2007 Mustang GT would be a good idea. As it turned out, it was a great idea.

Here is the thing about road trips. It takes a significant amount of planning. We began this process at AAA. Where else would we go? We got maps and guide books and a great AAA bag. I didn't realize at the time how big a deal bags were going to be in my life. Of course we talked with our more experienced friends about the process as well.

We mapped out the route, which was fairly easy, get on I - 90 and stay there until you get to Sturgis, South Dakota. Even I can follow those directions. Of course there would have to be a few stops and restarts. Couldn't go all the way in one day and on one tank of gas. My husband immediately figured out how far we could go a day, picked out motels and booked them and located as many Costco Gas stations along the way as could be found. I think he was afraid I might change my mind about going.

There also was the budgeting. How much for the rooms, the gas, the meals, and of course gifts for the kids and grandkids? Now this was going to be interesting. I love my husband, but he is cheap, cheap, cheap - as he will admit. Somehow he saved the money for this trip, before we decided to take it. Maybe that would better be said, before I decided to take it.

Then we were on our way, well after giving the neighbors a to-do list for while we were gone, stopping the mail, paying the monthly bills, and letting the kids know they were on their own for a while (which meant no locking your keys in your car because we can't come get you). Oh yes, also, getting the car and tires checked to be sure our pony was ready to go.

Packing for a 10 day trip including car show materials like vacuums, cleaning bags, show signs, etc, is quite the project. After our first stop, I took a picture of the trunk and back seat so we could reload it the next day. You must have everything in its proper location. What fits in the trunk that you don't think needs to be handy? How far can I reach to get the snacks out of the cooler in the back seat and then where can it sit and not tip over spilling ice and water all over that nifty AAA bag? Where to put the camera so that it is available as we are driving for that fantastic view and no where near the cooler? All of these things must be considered carefully and they were after that first stop.

The views were spectacular. Rock formations, huge landscapes of farmlands and ranches, and curves. Absolutely fabulous, nearly empty roads full of curves. Great Mustang curves. Did I mention curves? Perhaps

extra blood pressure meds would be advised for us. For me to not put my nails through the seats and for my husband to put up with the gasps that I tried desperately, but not always successfully, to hide. Seriously, it was beautiful. And as a photographer, an endless opportunity to fill the digital canvas.

We stopped in Bozeman to see dinosaurs at the Museum of the Rockies and stopped in on the single A baseball game, Osprey (I'm a birds of prey enthusiast) vs the Mustangs. We saw Devil's Tower, spending an hour or two photographing and looking for souvenir bags. We saw Mt. Rushmore and Needles and Custer and got more souvenir bags. All locations gorgeous and by the time we saw the Black Hills, full of Mustangs, the Ford type.

Continued on the next page

Information Article: Cruisin' in Our Stang (cont.)

The show itself was in Sturgis, SD with nearly 600 Mustangs from the first generation to the newest. Beautiful cars and incredibly friendly people. We all took a quick trip around an autocross course. There was drag racing, a poker run through the Black Hills, a parade and lots of other events to participate in if you chose to, including an auction where one item was a new Roush. Not a bad fundraiser.

This article is more about the road trip and not about how we all did at the show, but ask those that went and they will tell you.

When we left, we traveled together for a while and then my husband and I took a side adventure through Yellowstone. Again, beautiful country and *curvy*. It was sad to see parts so damaged from fires of the past and to think that same damage was happening in so many areas around us today. But as the landscape begins to repair itself along this amazing route you can again see the beauty of nature.

We made the long drive back from West Yellowstone to Spokane in one day and then traveled again with friends back home. It was a trip worth taking with lots of new experiences, sights and friends including a couple from the UK we met in Ellensburg at a gas station who gave us their email. They loved our cars. **We**

have pen pals! The friends we traveled with made the trip especially great.

Thank you for convincing us (me) that this would be a good idea. It was a great one.

Thanks honey, for taking me along!

Needed for a Restoration

Can any one help out a member?

Hi, I am Brian Zahnow. I am restoring a '68 Mustang and I need a tail shaft for a 4 speed toploader for the small block Mustangs between 1967 and 1973 . These tailshaft are Mustang specific. Other Ford's won't work because Mustang hoods are longer. My number is 732 5079.

Thanks,

Brian

September Club Events

Cruising with the Club:

Mustangs Not Required, Enthusiasm Is!

Hood Canal Cruise

Sept 9

Photos by Nancy Freeman

September already, well October but the cruise was in September and a great cruise it was. Not a drop of rain for a record breaking number of days, except this one. However, it held off until after the cruise so that was good. No rain for the cruise but some rain to help with the fire fighting.

The drive was full of beautiful sites. Thanks Burt and Connie for organizing it. There were a couple of "cruise-within-

a-cruises" to check out a couple of "special sites" on a county road...but that just meant oth-

er cars got to enjoy a cool little parade. That was intentional, right Burt?

There was a stop at Hama Hama Oyster Farm and a great meal at Olympic Timber House paid for by American Home Center. Thank you.

These cruises are always fun. Don't miss the next one to see some fall colors and did I hear apple fritters?

Attention Raffle Gifters

My cat decided to push items from several shelves on the floor. Among the items on the floor was a Ravensburger puzzle. I am not sure if it came from the top shelf (my personal gift items) or the lower shelves with PCMC raffle items.

I am almost certain it came from my personal shelf since I was looking at Ravensburger puzzles to purchase as a Christmas gift for friends some time ago.

I don't keep receipts for my small gift items and of

course I have no receipts for the donated PCMC items.

Should anyone have handed me a puzzle earlier this year for the raffle, could you let me know. My contact is as follows:

Ponies In The Park

Sept 24

Wow! What a great turn out from our club. We had 31 members show up in Lacey with several cruising together from Tacoma. Those cruisers were joined by a Roush club which made for quite a site going down I-5, not to mention the rumbling sound created.

Pierce County Mustang Club took the Club Participation award. We received a \$100 check to go towards our charities and a 6 foot trophy. That one went home in a convertible....

Many of our ponies took home awards. You can check out photobucket for the pictures.

It was a beautiful day for a show and a lot of beautiful cars. Thanks, Mustangs West for putting on a great event.

Got a topic you are curious about or know about?

Send me your stories or ideas for topics by the 25th of the month! What do you want to know about?

Trivia : Easy one for October.....

Why do you love Mustangs and why do you think so many others do as well?

Drop me a note. Other club input welcome.

Cruise Etiquette Reminders

As we wind down our cruising season, just a few reminders about etiquette so we continue to enjoy safe and fun driving events:

1. Cruising is a cruise, not a race. There are no points for finishing 1st.
2. Printed directions are provided for each cruise so if cars get separated you can find your way to the next stop.
3. Obey all posted speed limits.
4. Try not to hold up traffic. This means at times you will need to make room for other vehicles to pass or travel in the same direction.
5. In order to stay as visible as possible both to other drivers and to our own, drive with your headlights on.
6. Enjoy the ride!
