

In Memory of Gary Sullivan

It is with great sadness that we say good-bye to another PCMC club member, Gary Sullivan. Gary passed away suddenly on December 1, 2017.

Gary and his wife Cathy joined the club in 2016. They are also part the Rod Knockers. I have heard the same thing about him from everyone I talk to regardless of the club—"One of the nicest guys you will ever meet."

The Mustang isn't his only car love. They also have a collection of classics including several Mustangs.

Gary and his family restore vintage coin operated rides such as you see in front of stores sometimes and from what I understand do an amazing job. They have "several" (an understatement—over 300 is what I was told) at their home in Graham. They were recently at SEMA where they took some of their work for display and sale.

From my perspective, Gary was a people person and a "life-long student" In his MoM article he gave us the root meaning of the name Mustang—"a mixed lot of stray beasts." He was a story teller who loved to share and

learn. I will also remember him just as we see him in many of these photos, with his arm around Cathy, his wife.

Although they have not been with the club long, Cathy and Gary were active members. We will miss Gary's smile and his stories. Our hearts go out to Cathy and the family.
