Happy Holidays Friends!

My first thought on the night I brought my Mustang home 6 years ago was, "Is there a Mustang Club in the area?" I found there was a club, joined and found great people doing awesome things.

The last three years, serving as your President, has been fun and exciting and sometimes made me feel sad and mad, but it has always made me feel **Proud**. As Missy said in her last message as president, we read a lot of other club's newsletters and there are a lot of clubs that do a lot of the same types of things we do. We just do them at a different level.

I want to say THANK YOU to everyone in the club for all your support and guidance over the last three years. To the executive committee, you made it very easy for me. I believe Heidi Geise is the perfect person to help our club move forward, looking forward to the future.

Charity Involvement (continued)

Your gifts and support are a blessing to so many.

EMERGENCY FOOD NETWORK \$1,500

EFN partners with 64 emergency food programs in Pierce County and under their fiscal management our gift of \$1500 will result in \$18,000 in nutritious food to meet their goal "that no person goes hungry".

PCMC volunteers participated in two events that repackaged just shy of 9,000 pounds of product (food and toilet paper).

ST. FRANCIS HOUSE \$1,500

Our gift will be placed in Sister Pat's discretionary fund to help with unforeseen emergency needs of a client. This donation can help prevent a family from becoming homeless, going without electricity or missing a job interview because they need a bus pass.

Additionally, one half of our 50/50 car show raffle, plus pajamas, caps, socks, gloves and personal care items valued at over \$1,000 were donated during the year.

CARING FOR KIDS \$500

This all volunteer organization is helping kids in need in Lakewood, JBLM, Steilacoom and University Place. Their August Back to School fair helps over 2,000 prepare for the school year. In the month following, they responded to additional school supply orders, emergency food orders and requests at their clothing bank. In the Clover Park School District alone there are approximately 9,500 kids on free or reduced lunch according to statistics.

As part of our annual car show, PCMC members and others donated 33 "stuffed" back packs and cash for a combined value of over \$1,000.

SANTA'S CASTLE: Toys, Toys, and More Toys

Since 1994 volunteers have provided holiday gifts to qualified families of all the armed forces and reserve units based at Joint Base Lewis McChord. Each child receives 2 books, 3 gifts and coloring books/crayons. Babies receive a stuffed animal, toy and quilt. Families receive a board game and kids also get a bike.

This year our club contributed \$1,851.50 worth of toys and an additional \$510 in cash and gift cards. This organization also get one half of the 50/50 from the year which is finalized at the Holiday Party.

THE TEARS FOUNDATION \$500

The foundation seeks to compassionately lift the financial burden from Washington families who have experienced the death of a baby, by providing funds to assist with the cost of burial or cremation services. Tears also offers free ongoing emotional support in the form of support groups, online support, peer companions and bereavement resources.

KORUM FORD LINCOLN

PCMC added 317 lbs of peanut butter to the annual "Fill the Truck Bed Drive" to benefit the Puyallup Valley Food Bank.

NATIVITY HOUSE/PEPSI BOYS

A call went out and PCMC responded collecting 181 pounds of noodles and 169 pounds of sauce to support Friday night dinners feeding more than 600 individuals.

What is it with PCMC members and their knees...will we have to give up the fun of shifting for an automatic???? It's **Kevin Pearce's** turn for knee surgery now. **Joanie Nordlund** will be getting knee surgery soon. And now....**Katie Padwick's** son **Chris**.

Hey, Hey! Did we all see **Jay Roney** out and about? That was great to see as he recovers from serious heart issues.

Monika Kirkland, wishing you quick healing as you and your truck recover from an accident.

Many thanks to **David and Colleen Cushion** for the donation of 31 ink cartridges, worth \$62 in Staples coupons.

Congrats to **Bob Frender** for his election to the Mustang Club of America board.

Mission Statement

A social group whose purpose is to promote a better understanding and stronger fellowship in the preservation and maintenance of all Mustang and other Ford Motor products.

Mustang of the Month

Terry & Deborah Howell

1966 Red Convertible

Submitted by Terry Howell

Well here it is December, my oh my how the time fly's, with that being said Best Holiday wishes to all with New Year blessings as well!

Speaking of how time flies and Mustangs I remember back to my first car ever purchased, a 1957 Chevrolet two door hardtop, that I excitedly traded for my second, a 1965 Mustang coup 289 four speed which I enjoyed throughout my college and youthful years driving my '65 many memorable miles with various friends from Canada to Mexico and most all western US cities and states as well. It served all my needs and I'm sure exceeded them.

However, as it is with most cars as years pass they are traded for newer models and on we go. I know we all can look back through the years and say what was I thinking. Man I would love to have that car back! Well, such was the case with me and my longing for my old '65. Personally speaking, the classic lines of the first gen Mustangs '64 ½ thru '66 have always been my favorites with fast-backs, convertibles, and coups in that order.

With great excitement, we purchased our 1966 convertible nearly six years ago. Unfortunately, I do not have a great amount of knowledge of its past history other than a folder that contained a fair amount of maintenance and repair receipts which seem to indicate it has been well taken care of. Some of these showed the recent installation of a new soft top as

well as new carpet. It does have all original door trim, seats and all interior trim which all is in pristine condition.

Some of the creature comforts it came with are power steering and power brakes, 289 four barrel carb and automatic transmission. Upgrades we have added to it for safety as well as comfort reasons are front disc brakes and dual master cylinder, factory air conditioning, blue tooth am/fm stereo system and LED dash lighting for enhanced visibility during night time driving.

Well, as I write this she is put away in the stable awaiting spring and sunny weather to be once again saddled up and hitting the trail. Hopefully, we will see many of you soon on one of those trails.

Again, we wish all the best possible Holiday & New Years.

In the News

Trying to keep up with Mustang news? Here are a few items to check out.

Mustang Times (Nov. 2017) Make sure to read the article by John Clor this month. It is his recent conversation with Mustang Special Projects Manager, Hal Sperlich. He, of course was the man who suggested "repurposing the Falcon as a platform for the new Mustang" and all the other recommendations that made our ponies become a reality.

John asked him what he thought about self-driving cars. You'll have to read the article to get the details but he thinks what people want is the "life-saving technology" of the self-drivers in "current cars." His recommendations for Mustangs, "smaller, lighter, more-nimble chassis" and it "needs to have a usable backseat and some trunk space."

What do you think?

Hagerty Newsletter (www.hagerty.com/articles-videos/articles/2017/10/11/) reports on a variety of Mustang topics this issue. Check out the Fall 2017 Edition for topics from top movie Mustangs, amazing 2018 Ford Mustangs unveiled at SEMA with a few modifications, a Mustang wagon that almost was and several other stories.

The **2017 Shelby Magazine** was packed full of great articles. One that caught my eye was about the re-

turn of the GT 1000. As the author says, "if 500hp is good, then 1000 must be better..."

And what if you didn't get one of those 1965 GT350Rs in 1965 here is your chance. The OVC (Original Venice Crew) of Peter Brock, Jim Marietta, and Ted Sutton committed to build one in 2015 that would have the features the original one wanted but didn't get because of "time, expense, and other restrictions." It caught so much attention that they are building 36 total. Gee, why does that number sound familiar. Was that the original number of GT350Rs by chance? Check out the magazine for details.

According to motorauthority.com here are the estimates for fuel economy for the 2018 Mustang.

Manual - 21 mpg city, 31 mpg hwy, 25 mpg combined

Auto.- 21 mpg city, 32 mpg hwy, 25 mpg combined
GT Manual- 15 mpg city, 25 mpg hwy, 18 mpg combined

GT Auto.- 16 mpg city, 25 mpg hwy, 19 mpg combined

Keep sending me interesting news you have found.

Life is always an adventure.....

Enjoy the ride

SEMA! SEMA! SEMA!

Photos and Article by Larry Rivera

After all these years of my friends going to Las Vegas to attend SEMA and bragging about it, I finally got to go and experience SEMA. I now know the draw to SEMA. If you love any and all types of cars and trucks, new tools, The Velocity Channel, and lots of people - then you need to find a way to experience SEMA.

I was lucky enough to go as Rick Nordlund's guest and as a guest of The Ford Motor Company.

Rick and I spent 2 days at SEMA, and we didn't see everything or everyone. I got a ride along in a 2017 Shelby GT

350.....We saw all kinds of new builds. A few Velocity Channel stars were spotted.

Thanks Rick for helping me mark off a "Bucket List" item.

Information Article: Year in the Mirror

By Heidi Geise with photos by Nancy Freeman

What do you see in your rear view mirror? I see a few pounds that keep finding friends to join me in my travels. Fortunately, I also see a lot of **good** friends going on cruises, enjoying meals, going to car shows, giving to

charities, and having fun together as part of a community of Mustang enthusiasts.

Not a club to sit still, we started the year with a Harbor Cruise in the 2nd weekend of January. Some might say, gee that's early for a car cruise in sporty muscle cars, but not us. We're Mustangs. It turned out to be a beautiful day. It was sooooo nice, we took 2 more cruises along this general route at various times this year.

There is something about this club and eating. If you don't know what I mean, think of an event we have done that doesn't include starting or ending with food. Sometimes it has both and some in the middle. Consider our Cupid Cruise that started at McDonalds, traveled to a donut shop, went about 3 blocks to a candy shop, then about 2 miles to another candy shop and ended about a mile down the road at lunch. Travel time about 2 hours. Next year, I am doing the treadmill for an extra hour a day for a month before the February cruise.

If that isn't enough we have our FNDO each month. We have had Mexican, Asian, Italian, BBQ, Breakfast, American Cuisine, and each several times. I think I am beginning to remember where my waistline found those extra friends.

It isn't all about eating. We learned about custom chassis building at Art Morrison's and about detailing our beautiful cars at Griot's Garage. After each of course we ate. We got a touch of culture as we explored the world of Sherlock Holmes in the process of solving a little mystery with stops for clues and.....food.

We traveled all over western Washington exploring the backroads wherever possible, seeing the sites. We found several cider mills, wineries, and bakeries in our travels.

We saluted our veterans, supported our communities, took parade laps at the race track and paraded behind goats, horses, VW's and floats. We wore ribbons, daffodils, lights and Santa hats.

All-in-all we had a great time. We found new friends along the way that joined our fun and we made commitments to continue to cruise, eat, and be a safe, family friendly club.

Our club mission, as stated each month in this newsletter is to be:

"A social group whose purpose is to promote a better understanding and stronger fellowship in the preservation and maintenance of all Mustang and other Ford Motor products."

Each member will have to judge for themselves as to whether they feel we met that mission. I know my feeling. I want this next year to be as enjoyable with my Mustang friends as it was this year and if I have to do a bit more on the exercise bike.....so be it!

See you on the road....don't forget to wave!

Trivia Question:

We all know the sales #s for the 1st Mustangs:

- 1st day of release (April 17, 1964) - more than 22,000 Mustangs sold
- In first year—418,810 sold
- More than 1 million on the road within 1st 2 years

Legend has it that a Texan, afraid the car he just purchased would be sold from underneath him, slept in it at the dealer until his check cleared the next day.

Q—They weren't just popular with the adults though. How many pedal powered Mustangs were sold by Christmas of 1964 for the young Mustang lovers?

A—94,000

Why do you love Mustangs and why do you think so many others do as well?

Drop me a note. Other club input welcome.

Veteran's Day Cruise

Nov. 11

Submitted by Heidi Geise & Jerry Murphy

Thank you, Jerry and Kathy for organizing this very cool cruise celebrating and thanking those that served our country in the military.

We had 15 cars join our drive and over 20 individuals. We began on Canyon in Puyallup and drove through the beautiful countryside.

The fall colors were still showing regardless of the snow earlier in the week.

Jerry made dash plaques for all and then some special ones for "special helpers." Kathy Murphy made lovely scarves that were provided as raffle prizes. Four were handed out. Rick Nordlund helped by helping with check-in and driving in the back of the convoy to make sure no one got lost. Jerry Murphy and Heidi (me) took photos. Jerry also provided 2 flag sets as raffles and gave each veteran on the cruise a thank you card.

Our cruise destination was the Veterans Memorial Museum in Chehalis. It was a very impressive display honoring those serving our country over the years. While there, we noticed veterans outside gathering for the parade. We also saw many families who had brought their youngsters. You could hear them explaining the displays as these young

people took in each display.

After the Museum, many of us met at Denny's nearby for lunch.

It was a wonderful cruise and a day well spent in remembrance of those who have served or are serving.

The photo below is of those who went on the cruise with our club and are veterans. Thank you.

Directors L to R: Burt Kreidler, Harley Edwards, Butch Blodgett, and Hank Deck.

Future Mt
Rushmore

Thank you to Dennis Willert, Paul Geise and Chuck Botsford who have served on the Board for the last year and more. Your contributions have helped make this club what it is and will continue to be important in the future of PCMC.

Officers L to R: Past Pres. Greg Robbins, Treasurer—Nancy Freeman, President—Heidi Geise, Secretary—Charlene Rivera, and not pictured with the group—Vice President—Missy Willert

Thank you Greg for your service as president for the last few years. Your support will be greatly appreciated as the new group gets going.

The new president thinks this might be an indication of the way the board will function. She's wondering what she signed up for!

Cruise Etiquette Reminders

As we wind down our cruising season, just a few reminders about etiquette so we continue to enjoy safe and fun driving events:

1. Cruising is a cruise, not a race. There are no points for finishing 1st.
2. Printed directions are provided for each cruise so if cars get separated you can find your way to the next stop.
3. Obey all posted speed limits.
4. Try not to hold up traffic. This means at times you will need to make room for other vehicles to pass or travel in the same direction.
5. In order to stay as visible as possible both to other drivers and to our own, drive with your headlights on.
6. Enjoy the ride!
