Chuck Botsford - [ceb\\_iii@yahoo.com](mailto:ceb_iii@yahoo.com)

Sam Olson -

[mr.sam.olson@gmail.com](mailto:mr.sam.olson@gmail.com)

I know that I have said it before, but thanks to the car show committee and Charlene's leadership for making the show run like a well oiled machine, or a well cared for Mustang.

Thank you to all the participants that come each year and support our show and through that, our charities. And to the charities that do what they do for the communities that need them.

Thank you to our sponsors who you will see listed at the end of this newsletter. Without their help, our awards, show shirts, and the very location would not be nearly as nice.

There is an expression in business and education that "good is the enemy of great." (Jim Collins' book, *Good to Great*) No annual event is ever complete until you look at what the preparation was, how the event played out, and what can be done to improve it next year. This will be the last step for this year and the first for next. That is how the cycle works. By the way, the wrap-up/pre-planning meeting will be at 7pm at the Geise's (6pm for board). Wait, that's my house! I need to start cleaning.

I also want to share a few of the things I saw.

- I got a pair of earrings from a man who made them in honor of his wife who recently passed away. I hardly know him but he did this for her and brought her car.
- A person came and helped load the truck who could barely talk as he goes through radiation treatment and another one came and helped where he could regardless of his recovery from chemo and radiation treatments.
- A woman so happy to be there, stopped me every time I saw her (more than once) and said how great it was to be at the show and see all the cool cars. She had someone else bring her as she can't always drive herself in her Mustang.
- I saw at least 7 people helping where they could, regardless of the pain they were in, as they moved on scooters or with aid or limping because of knee, hip, back, or foot problems.
- I saw a family who brought 2 cars, were parked on opposite ends, and were walking in a line back-and-forth between them. Dad told me "we are the duck family, mom in front, ducklings behind and poppa duck bringing up the rear." He laughed as he marched by.
- I walked Sister Pat to her car and she wanted to know what kind of cars each were and kept telling me the others (at St Francis House) were going to be jealous. I think she really wanted to sit in Burt's Saleen.

**Nov. 3rd - Planning for 2019:** Got an idea for our FNDO or Cruise Lists? Get it to Heidi by the October 16th meeting.

(I know it is long but please read on)

## President's Message (continued)

As I walked around taking photos, one of my goals was to try to tell the "show story." The story of relationships (new and old), talking about cars, huddles around the engine or the new paint or the meticulous detailing. The story of the conversations about the passion we have for our Mustangs and Fords. And you should have seen the faces of the young children when they found out there was a ballot just for them and when they got their special goodie bags for turning them in. I am told that the smiles "out shown the sun...and one girl almost did a cartwheel." That is one way we connect with the youth!

I saw people dancing, laughing, relaxing, and enjoying the sites around them, people and mechanical.

Was everything perfect? No. Nothing typically is. We learn and improve and work together to make things better. Like the story of the Mustang! Does the 2018/19 look and sound like the 1964 1/2? I think not! Some modifications work and some don't but without trying we wouldn't know, would we?

I have some quotes that I try to live by (not always successfully but I try) - "**MAKE** IT A GREAT DAY!" (instead of "have a great day") and "I am in charge of how I feel and today I choose happiness." These came to mind as I walked around and observed, talked to people, and took photos. It seemed many were living by those messages.

Did I reach my photographic goal? You will have to be the judge of that. What I can tell you is that it is the stories above and the photos and the passion that I saw that I will take away. Those are my chosen memories of this year's car show.

*Life is always an adventure.....*

*Let's enjoy the ride together*

*Heidi Geise*

**PCMC President**

### Shout out to a member!

I want to give a shout out to Chuck Botsford who at the Port Orchard show, pulled out of the long line to help a young man whose Mustang went dead. Even though it was a bigger problem than a jump could fix (electrical went out completely while he was in line), Chuck took the time to provide some help and probably some emotional support.

**THANK YOU, CHUCK!**

### Random Acts of Kindness!

"Be somebody who makes everybody feel like a somebody."

Hplyrikz.com

Did you see someone doing something that you believe deserves a shout out?

- Something "above and beyond"?
- Something kind to help someone out, maybe they knew them or maybe not?
- Something they did not expect recognition for?

Let me know!

Don't know the names?

Tell the story.

People really stepped up to offer help for those in need. You can see the totals above.

Caring for Kids and St Francis House were 2 very happy organizations.

1966 Dark Green Coupe, 2012 Competition Orange Boss 302, and a 2012 Grabber Blue Coupe

I found my first Mustang a 1966 dark green with black vinyl

top in 2010. It has never let me down but I felt I wanted something more reliable for longer cruises.

So Lori and I bought the 2012 Competition Orange Boss 302 on new years eve 2012.

Then for a little more comfort the 2014 Grabber Blue MCA edition in late 2013.

Look what member Bill Fowler won in Kent!

Thanks Robert King for the photo. New members, this is how you clean a car. Ask Nancy Freeman.

## **GENTLE REMINDER**

Many car shows offer trophies or cash prizes to the club with the most cars registered.

With two clubs in Washington using the initials PCMC it can be confusing to those counting attendance and may void your entry being included. Please, always use either Pierce County Mustang Club or Pierce County M.C. on your entry form.

#### **Fun Facts: (Daily Extra on the back of a Calendar)**

"Just 15 years after it was introduced, pre-sliced bread was banned from store shelves by the U.S. government. World War II's weaponry and other wartime necessities were considered more important than manufacturing bread-slicing machines, so U.S. residents had to do without sliced bread for a couple months in 1943."

#### **Mustang Facts and History (from Georgia on My Mind National Mustang Show)**

- On the original Mustang, Ford offered optional power steering for about \$80.
- 2008 Bullitt's exhaust note was based on a digitally remastered DVD of the movie and **as close to the original movie** car as possible.

## **In the News and Other Information**

***Trying to keep up with Mustang news? Here are a few items to check out.***

In the July **Mustang Times**:

Well, certainly don't miss the article about our Mustang Day Event last April. (I gave them the names of the photo contributors. Sorry they didn't get in. Thank you Robert King and Peter Christian.)

There is also an interesting article to help clear up what might be happening in 2019 with the Mustang. You can find out about the:

- Mustang GT in "Need for Green "
- Bullitt as the 3rd tribute to Steve McQueen's '68 fastback
- California Special in a limited-edition
- Ecoboost with the addition of "Active-Valve Performance Exhaust"
- Shelby GT350 with upgrades in mechanics, aerodynamics, and new colors—Velocity Blue and Ford Performance Blue
- Shelby GT500 with what is anticipated at "over 700 horsepower." Should get even me to meetings on time!
- Cobra Jet with "only 68 available to commemorate the original CJ's Super Stock win at the 1968 NHRA Winternationals."

Whew.....It would be something to see all these lined up in a show....or better, hear them parading down the street together.

Be the energy that you want to attract!

Planning a trip to Hershey, Pennsylvania? Visit the AACA Museum (auto history museum) where Mustangs will be on display through October 14th.

***News about the MOM (Mustang Owners' Museum) - MOM's Mustang Drive to 55!***

Check out [downtheroadmarketing.com](http://downtheroadmarketing.com). There are photos of the museum being built and details about the drive that starts April 5 in Renton, Washington and ends on the 15th at Concord, North Carolina. Three celebration events all on the same trip.

**For Fun:**

Google Gail Wise. Yes, she is the 3rd grade teacher that drove off the lot in a Skylight Blue Mustang convertible 2 days before they were advertised to the public. She still owns the car and today it is worth about \$350,000. Not a bad investment. There is a video that shows what the car has been through.

## Past Events

### Car Show—Part I

Alright! I would say, "And so it begins!" but it has been happening all year. So I will say, "We are on the home stretch!" This is what happens each year at this time when we bring all of the items together that we have collected from sponsors, member dona-

tions, contributions from local businesses and community resources. Nancy and Charlene count everything we have collected. We set it out on a table in boxes and bags and we stuff our Goody Bags for the show. Henry Ford with the assembly line would be proud. His may have only been 150' to start but ours was the circumference of a dining room table. Songs were sung

(opinions on quality will not be provided), jokes were made, fun was had and in 20 minutes the bags were stuffed....all 85 going to pre-registered participants for our show.

Like what you see? Get those registrations in early next year.

# 2018 Mustang & All Fords Round Up—Part II

Submitted by Charlene Rivera

I know I have said this before, but thanks to the car show committee ....

Wait – you already read this from Heidi. Thanks Heidi for covering so many of the great moments and people at our show. I would like to thank our Sponsors, without them we would not be

able to support our show, our charities, and all the fun events PCMC does.

We have more than one member who sponsored a class or two or three, helped collect Goodie Bag items, and also donated items to our raffle or took on the task of all the printing – thank you!

Gary's Mustang for display – Gary is missed by many.

Sister Pat and Diane – thanks for picking the winners of the 50/50 and the Backpack Raffle.

Thank you to all our volunteers. We had awesome members helping - from loading the truck to setting up, registering, parking cars, selling raffle tickets, selling t-shirts at the tack shack, raffles, volunteer refreshments, ballots, computers, 50/50 ticket sales, backpacks, the MCs, trophies, stocking the Freebie Table, pictures, kid's ballots, cleaning the lot of trash and loading the truck back up, and driving the truck.

Thank you to the members who donated raffle and goodie bag items.

Thank you to the members who volunteered to try something new and to all who volunteered.

Thank you to the members who hosted a car show meeting and for feeding the Car Show Committee.

Thank you to the Car Show Committee for all the ideas and months of planning the show.

We all worked hard to put on a great show. It could not have been done with out our members help – Thank You!

Thanks to all you joined us for the club's annual picnic!

We had lots of yummy food, hopefully you didn't miss out on trying the potatoes - they were yummy - thanks Lenville for the Deviled Eggs - Missy and Charlene Yum and don't forget the coleslaw!

Beautiful ponies parked for all to see - we received a few horn honks and of course the "Hey Look at Me" drive bys.

The bounce house for the little ones, I think it is a Black Hole - it sucks them in and we don't see them until they come to take it down.

Who has the "slowest Mustang" for 2018 - congratulations Tom Alpert! The title is yours! I'm sure Bill Ostruske -2017 winner

will gladly pass it on.

Who is the Champion Blind driver- Missy Willert and the obstacle Course Navigator - Dennis Willert -Congrats to the daughter/dad team. They made a winning team!

We had lots of time to visit and make new friends.

See you next year!
