I know this is cliché but, the older I get the faster time flies. Fall is upon us already. There are only a few car shows left and the memories of many are already in the books. So what is next....

The club has a couple of fun cruises yet this year. October we have our Progressive Dinner. Thank you to all who are contributing to that one. If you haven't done one of these before, you basically get a multicourse meal, 1 course at a time, at different houses. You get a chance to socialize and enjoy great food with a break between each course to make room for the next. I wonder if one course should be the gym?

In November, Jerry and Kathy Murphy have planned another fun Veteran's Day Cruise. This one will be to the Flying Heritage & Combat Museum. Cool place!

Of course cruises aren't the only thing we do. We have 3 more Friday Night Dinners Out and another parade. No down time for our club!

Please don't forget to bring your ideas for next year to the October Club Meeting and then come join us the 1st Saturday of November to make the final decisions about what we want to do next year. All are welcome as are all ideas. Come get your voices heard!

Also remember, November Club Elections. Get your name in the hat if you want to run for a position. The ballots will be in the November Newsletter.

**VROOM! VROOM!**

***Life is always an adventure.....***

***Let's enjoy the ride together***

Jerry & Kathy Murphy and their family for all of the hard work they do for Job's Daughters. They put on a great little show to support this chapter's work. The charity work the girls are doing goes to help individuals in need of hearing aids but can't afford them.

Well done Jerry/Kathy and the girls.

Did you see someone doing something that you believe deserves a shout out?

- Something "above and beyond"?
- Something kind to help someone out, maybe they knew them or maybe not?
- Something they did not expect recognition for?

Let me know!

Don't know the names?

Tell the story.

## Mustang of the Month

### Fran & Harv Richardson

# 1966 Vintage Burgundy Coupe

1966 Ford Mustang GT Coupe  
Vintage Burgundy Metallic – Perfect California Raisin

My dream of owning a Ford Mustang began in high school. A friend's parents had a 1965 coupe. I liked the design.

I ordered a 1968 Mustang Coupe, waited 3 months and the dealer could not tell me an expected delivery date. I desperately needed transportation for work. I cancelled the order and purchased the 1963 Corvair (I had been borrowing) from my parents. Two weeks later, my 1968 arrived; I had to say "no thank you".

In August 1998 Harv and I went to Hot August Nights in Reno. My dream of owning a Mustang was rekindled. In 1999, Harv & I joined the Sacramento Area Mustang (SAMC). At a Swap Meet, Harv purchased a 1965, Poppy Red Coupe. There had been several previous owners and several changes. Later we found two 1967 Mustang Coupes and a 1979 Mustang Ghia for future projects.

Still dreaming, I would occasionally check online and local newspapers for Mustangs. In early May 2001, a SAMC member received a "1966 GT Coupe for sale" email and shared the e-mail with members. It was June when I finally checked to see if the Mustang was still available. My answer- Yes, it is available. In 1982, the second owner, found this Mustang in a field. It was fully restored in 1991. This time, I could not resist the temptation.

Prepared with information on what to look for in a

used classic Mustang; I spent 2 hours checking the car over/under/inside and then a test drive. We negotiated the price and I became the third owner.

Factory air conditioning  
GT Rally Pak  
289 cu engine  
4-barrel carb.  
Automatic  
Power Steering  
Front disc brakes  
Wood steering wheel  
Chrome Steel Wheels

Since 2001, we have participated in several car shows (within Northern CA), as well as special events: Hot August Nights, Reno (2001-2013); AutoRama, Sacramento (2009); Hot Chili & Cool Cars, Rocklin; Eggplant Festival, Loomis. Special decorations include California Raisins and various stuffed horses. We look forward to showing our 1966 Pony here in Washington State.

Harv still has Ford trucks, especially F-1 trucks with flathead engines. Yes, we have a project truck.

Thank you for the honor of being PCMC Mustang of the Month, October 2019.

## In the News

Trying to keep up with the Mustang news? Here are a few items to check out.

From the ***Mustang Times***, September 2019:

You Roush owners, have you picked up your new toy yet? According to the ***Mustang Times***, Acme Trading Company released a “1:18-scale die-cast of the 2019 Roush Stage 3 Mustang” in September. There will only be 500 estimated produced so don’t wait.

If you want to know more about, “The Father of the Mustang,” Lee Iacocca, there is a great spread about Mr. Iacocca in September’s issue of the magazine. Don’t miss his story as we all remember this “American Icon.”

Wow! Did you see the story about Adelbert Enger? If you thought Mustangs were just an American phenomenon, read about him and his collection. According to the article in the ***Mustang Times***, not only did he ship his Mustang from his home in Belgium for the 55th Anniversary celebration at Charlotte Motor Speedway, but he has a collection of over 8000 Mustang models.

This issue is full of people and car history and stories of how families/individuals got started with their Mustangs. If you don’t already belong to MCA and get this magazine, I will say it is worth the money.

From **[www.hagerty.com/](http://www.hagerty.com/)** comes several articles about our Mustangs. Check out the site for more on these topics:

- An article covering the 25 Mustang facts that “every enthusiast should know” is included. An article by Scott Oldham in April of 2019 included:

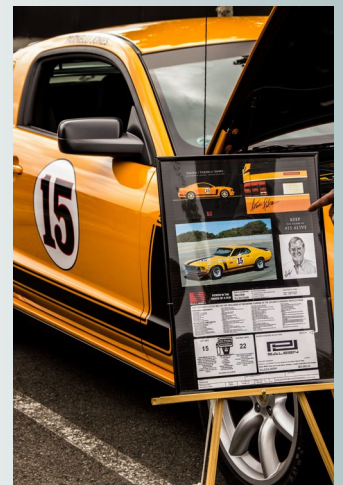

1. First Mustang with 700+ hp = 2020 Ford Mustang Shelby GT500. Also the first Shelby Mustang “only offered with an automatic transmission.”

2. First Ford Mustang with sequential turn signals from the factory, 2010.

3, First Mustang with four cylinders = 1974 Mustang II. Ford sold “almost 386,000 the first year...”

Maybe there will be more of these facts to come?

November 14th. Remember that day! Saleens are coming to LeMay—Americas Car Museum. I know no details other than that and have heard they will be on the Grand Gallery Floor (top). I can’t wait to see what that exhibit looks like!

**Got a topic you are curious about or know about?**

**Send me your stories or ideas for topics by the 25th of the month! What do you want to know about?**

**Send to: [pcmceditor@gmail.com](mailto:pcmceditor@gmail.com)**

## Pierce County Mustang Club at Other Shows

### Yakima

### Lacey

### Job's Daughters

#### No photos available for Yakima.

Several members went to this show but when I asked for photos...."What happened in Yakima, stays in Yakima but Bobs Burgers and Brews has "THE BEST" onion rings!"

Kind of makes me wonder what we all missed??

### Lacey

In spite of the potential for rain, the turn out from Pierce County Mustang Club was again a success. We tied for the Club Participation Award which mean our club will have additional funds to contribute to our charities. Thank you to Mustangs West.

### Job's Daughters

This was quite the collection of classic cars with several Mustangs represented. There

were familiar vehicles from various other high school and college shows that we have done and some new ones that I haven't seen. Cute little show with great cars really showing off the beautiful design of automobiles through the years.

## Grandparents Day Car Display

### Solstice Senior Living at Point Defiance

A beautiful location and a great opportunity. We didn't have a lot of cars or a lot of spectators but it was very rewarding to talk with those that came out. They were incredibly appreciative and everyone of them thanked us for bringing out the "beautiful cars."

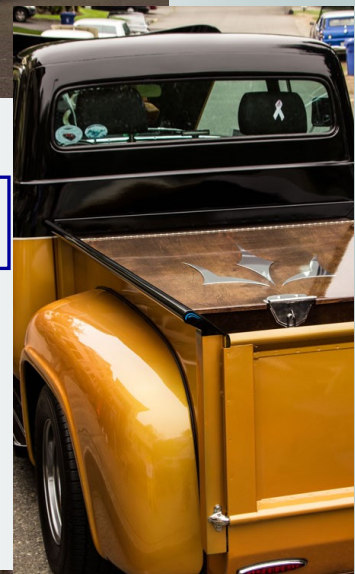

One 97 year old woman looked and then came back to look again after she got her hearing aids. She told me, "I can't wait to turn 102. I can renew my driver's license for \$6."

Another gentleman in a power chair couldn't speak well but he stopped me to tell me about his car, still has it, a Plymouth Hemi that he built and raced. Even scrolled through his photos to show me pictures of the car and the parts he put in it including the parts invoice. He communicated by speaking and when he couldn't get the words out, he had a pad and stylist, very high tech. He would show me a few pictures, then hold up his finger and say "hold on a minute" while he looked for what he knew was on his phone.

Another resident came by and every car, "I'll bet this one took \$100 to restore" and then gave me a little wink. I said, "just under that" and gave him a wink back.

I was reminded of the power of the automobile, the connection to memories and good times of the past. It is my hope, that with all the new technology, we never lose that.

When asked what her 1st car to ride in was, one woman said quickly and with a huge smile, "A Model A."

Big hit with the seniors.

Caught on camera!
