First let me say congratulations to the club for winning a President's Award from Mustang Club of America again. Thank you to Nancy for doing all the paperwork to apply for this each year and to all the club for the work and fun you participate in to make it happen.

Now let me tell you about one day on November...

First we drove our Mustang to Tacoma to check out the January Club Cruise to Ault Electric and a collection of amazing and rare Fords. He has so many, I am told he is now collecting Chevis. Thank you Guy Devino from Griot's for helping us get this set up.

From there we made a stop at LeMay—America's Car Museum for Coffee and Donuts with Steve Saleen and to see the new display of Saleens. Many Mustangs and a plaza full of mostly Saleens including a members car.

Then if that wasn't exciting enough, *Ford vs Ferrari* the movie. It was very, very good. I have to say there was one actor that did such a great job of making me dislike him that I don't think I will ever like him regardless of the role he plays in other movies.

What a day if you love Fords and Mustangs.

Thank you for selecting me to be president for another year. It is a pleasure to lead this organization. Thank you to our new board and to Hank Deck who stepped down this year. Hank, you were an asset to the board and both you and Margie are assets to the club. The new Board:

President—Heidi Geise

Directors—Ariel Antholt

Vice President—Missy Willert

Chuck Botsford

Secretary—Charlene Rivera

Harley Edwards

Treasurer—Nancy Freeman

Burt Kreidler

We will see you all at the Holiday Party. It is going to be fun and yummy.

***Life is always an adventure.....***

***Let's enjoy the ride together***

## Mustang of the Month

### Maria Barnes & Jim Cassidy

### 2008 Roush

Hi,  
My name is Jim, and I have a Mustang problem.....

Seriously, when I was told that I was Mustang of the Month, I thought "Really? Me?" I wonder what Mustang? Could it be the 95 Cobra I bought at Korum Ford in 1996 that came with a free membership to the Pierce County Mustang club? Could it be Joe Dirt? Could it be the Cobra that I was driving when Jerry Murphy said I was in the FOOSH Club, because that's the sound we made when I passed him? No, it couldn't be any of those..... It must be the Roush!

So, the story of the Roush!  
In 2008, I was at Five Star Ford, visiting with my friend Mike, who said I just had to be there when his brand new Black Jack showed up! When the truck showed up, there were three Roush cars on it: Mikes Black Jack, a Vista Blue 427R, and a Vapor 427R Trak Pak.

I was fascinated by the Trak Pak! It was a serious road race set up with the supercharged Stage 3 engine! The guys made it worse by letting me back it off the trailer, and drive it into the service bay for new car prep. I was hooked! But, it wasn't to be. I had recently bought a new truck, and just couldn't make it happen.

Then, almost a year later, I was at Five Star again with a bunch of friends to do a fund raiser. My friend Karena saw the car, and she not only fell in love with it, but she bought it! I was jealous.....lol

She used it for everything! Showing houses, going to car shows, errands, everything! She even put a baby seat in it! But, as her family and business got larger a few years later, the need for a bigger car got her to trade the Roush in. Behind the scenes, my friend Brian Martin (the sales manager at the dealership where she traded it in) and I had agreed, one of us would get it. It ended up with Brian...lol

He only kept it a year, and at last, IT WAS MINE!!

I celebrated getting it by entering it in it's first race event ever two weeks after I got it! Its been to a few since then like Shift Sector, SCCA nights, 2015 Hot Rod Magazines Drag Week, and all sorts of shows in the area. I have done a lot of things in this car to make great memories!

The car and I have the same attitude, which has cost me a few sets of tires.....lol

From a technical point: 2008 Roush Trak Pak  
#08 of 100 built  
1 of 18 in Vapor Silver  
1 of 7 small wing cars  
1 of 2 in this exact form

PS When I was racing the car at Gateway Motorsports Park in St Louis, we decided to remove the seats (every .001 counts!) trying to get a little quicker time slip, when we did, we found Cheerios under the seat rail from back when Karena had the baby seat in the car.....lol

## In the News

Trying to keep up with the Mustang news? Here are a few items to check out.

From the ***Mustang Times***, November 2019:

Check out the article by our own Charlene Rivera about the Fox-Body Picnic. Congratulations for getting into the times...but how did you manage to do it and have no pictures of yourself in the article....

There is a new world record for the largest Mustang Parade.. Congratulations to Ford who gathered 1,326 Mustangs from all over Europe on the Lommel Proving Ground in Belgium. There was an “uninterrupted convoy with no more than 20 metres between each car.” Mustang ‘s world wide popularity it just continuing to grow. According tot the article, “Mustang was the world’s best-selling sports coupe for the fourth year in a row in 2019” and in the first 1/2 of 2019 there were “5,500sales in Europe, a 3.7 present increase compared with the same period last year.” None of that should surprise us, we love our Mustangs and it just seems natural that everyone else should as well.

**Did you hear:** Fords Electric Mustang Project Car—Mustang Lithium EV. It is reported to have 900hp, a manual transmission, and 1,000 foot-pounds of torque. Don’t rush out yet, it isn’t for sale yet. It was reported from Ford by CNN. My question—Will it come with a soundtrack?

November saw the Mustang inspired electric SUV out for view. **Not only inspired!** It is the Mustang Mach E, a 4 door crossover vehicle. Well, what do we all think!

Also seen out there in Facebook land, a 14 year old girl has invented a system for removing the

blind spots from the drivers seat. She used a webcam, projector, and 3-D printed materials to “fill the space the car frame blocks for drivers.” This young lady enter this in the Broadcast MASTERS (Math, Applied Science, Technology, and Engineering for Rising Stars) competition for middle schoolers. She won the top prize “\$25,000 Samueli Foundation Prize in honor of overall STEM excellence,” according to Sasha Lekach on Mashable. WOW! I could have used this a couple of times recently.

I was late picking this up, but the ***Seattle Magazine***, October 2019, had a section on “Fall Road Trips.” It covered trips such as Red Mountain and Richland, Umpqua River Scenic Byway, Centralia and Chehalis, Oregon Cascades, Langley, Snoqualmie Valley, Camano Island, Bellingham, and Gig Harbor. We have done some of these as a club, but lots of great ideas for beautiful fall drives.

Other items to pay attention to if you have not already seen them:

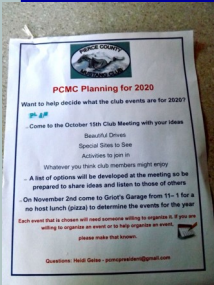

1. The movie is out, Ford vs Ferrari. Great Movie!
2. The Latest exhibit at America’s Car Museum in Tacoma is Saleens. Absolutely **gorgeous** vehicles, many Mustangs including one Saleen “MoliPop” . Other examples include an S7, an S1, a 2005 Ford GT, a police vehicle, race car ...

**Let me know if you see something that is worth looking into. Do the research and submit it or give me the basics so that I can re-search the topic. There is lots going on out there in our Ford and Mustang world.**

# Veterans Day Cruise

Nov 9

Organized and Submitted by Jerry & Kathy Murphy

Photos by Heidi and Nancy

The Veterans Cruise was a trip from Tacoma to Everett to the "Flying Heritage and Combat Armor Museum." The day started out raining but those in attendance, 14 cars, pushed on and drove up I-5 to the Museum.

Arrangements were made for our group to have a guided tour. The tour guide, most thought, would have information that would add to the visit. We were guided through the buildings that housed mainly planes and armored vehicles. The guide did indeed have a wealth of information to share.

Since it had been raining, the raffle drawings, normally done during the road trip to our destination, was held off until after the tour of the exhibits. The winners were Pete Freeman, Heidi (our president), and Monika Kirkland. The prizes were U.S. Flags.

After the guided tour and the raffles, we went to the 112th Street Dinner, where reservations had been made. The food was good and the servings were plentiful.

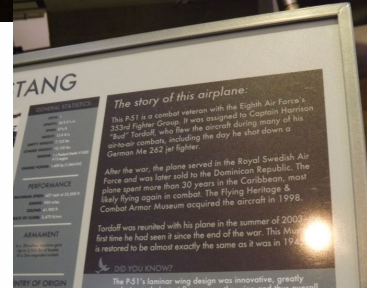

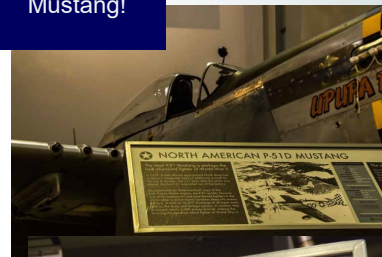

We filled our stomachs and had an enjoyable time and departed, each on our own path home.

All-in-all, I believe all enjoyed this year's Veterans Day Cruise.

Wondering what next year will bring? We have visited museums for the Army, Navy and this last one which had a wide selection of planes and vehicles. So.....what will be next?

Jerry & Kathy Murphy

The other Mustang!

Thank you to our own veterans!

From the Editor: From my perspective, whatever it is next will be a great cruise. Thank you to all of the men and women who have served in the past and are serving presently.
