Happy February!

We have started out the year with a fun visit to a private collection where besides seeing lots of Mustangs we also saw his many awards including some from our own past shows. That was fun to see. Read more about it in this newsletter and see photos on PhotoBucket.

As we get going on this next month, we are right around the corner from our first cruise. It has been a while since we posted the document provided by Mustangs Across America, "Convoy Etiquette." Here are the highlights:

1. Headlights On—lets others know what is happening, easier for us to see if members are together
2. Don't Follow Too Close—safety
3. Allow Other Traffic to Intermingle—want to be seen as a friendly, cool event coming not a congestion problem
4. Lead Car Should Keep Speed Reasonable—to catch up if caught at a light it requires at least 10mph faster than group to catch up which is a problem if the group is going over the limit
5. Walkie Talkie Protocol (we just use cell phones as needed) - be safe and let people know when there is an issue further back
6. Lend a Hand—no one wants to be left behind, if someone is having issues please let the leader know and stop and help out
7. Have Your Car in Order—fill it up and make sure it is running properly so you have less chance of needing to be rescued
8. No Horseplay—showing off can lead to injury or damage to your friend and their vehicle or worse and if the police officer wants they can ticket the whole group in some circumstances
9. Take It Easy—relax, sometimes things don't go as planned, if things happen remember the saying, "if things don't go as planned, yell plot twist and move on."
10. Be Respectful of the Leadership Team—it takes a lot of work to put a cruise together, if you have suggestions share them with the organizer directly and respectfully

It is going to be a great year. See you at this months events: Sweetheart Cruise, FNDO, Meetings. Don't miss the fun.

Life is always an adventure.....

Let's enjoy the ride together

In the News

Trying to keep up with the Mustang news? Here are a few items to check out.

From the ***Mustang Times***, January 2020:

Wow, lots in the ***Times*** last month. Of course all over the issue are the new electric Mustangs. There is the Mach-E joining “the Mustang stable as an all-electric, four-door SUV.” I know there are differing opinions as to whether this is good or not. Regardless of where you stand on the issue, this vehicle will have 255 to 332 hp. The GT will have 459 hp, 612 lb ft of torque and will be all-wheel-drive. It will be out in 2021 and it is rumored that it will come with a sound track.

As the article reminded us, Carroll Shelby said in 1965, “ ‘ If it’s a good car; the name won’t matter. And if it’s a bad car; the name won’t save it.’ “

Besides the Mach-E another car was unveiled at SEMA, “900-horsepower Mustang Lithium with six-speed transmission.” This is also, as the name should tell you, all-electric and I believe it will be out in 2022 along with the all-electric F-150. I am going to have to work on my **GRRRing** sound.

Besides all of these new vehicles, there was an article about the 1966 Shelby GT350H that was on CBS Sunday to promote “Ford vs Ferrari.” Beautiful car and a great movie. (Stay tuned to news from America’s Car Museum for a new exhibit celebrating the movie as well.)

There were lots of articles about personal vehicles and the stories behind them. If you belong to MCA and want to see your name and car in the ***Times***, go on line and check out what you need to do to submit your story.

In other news, did you see the auction! Which one of our club members got it..... You know

who you are and what I’m talking about...\$7.4+ million for the Bullitt. Ok, maybe no one from our club is hiding it in their garage but it went somewhere????

Thank you **David Cushion** for sending me a cool video of a drag race between the Ford Mustang Shelby GT500, a Chevrolet ZL1 1LE and a Dodge Challenger Hellcat Redeye. Google it! Guess who wins!

Here’s something more for your viewing entertainment thanks to **Missy Willert**, www.rpidesigns.com/blog/mustang-madness-what-are-the-most-popular-mustang-colors/. Just to give you a sneak peek, the top 8 colors according to the website:

1. Red
2. Blue
3. Silver & Gray
4. White
5. Black
6. Green
7. Brown
8. Yellows & Golds

Check out the rest of the history of the colors of Mustangs, past and present.

If you have something you have seen that you think others might be interested in, send it my way.

Gary McKay Collection

Jan 18

Organized by Paul & Heidi Geise with Guy Devivo from Griot's Garage

What a way to start the year!

We may have had snow on Monday and Tuesday this week but by Saturday the Mustangs were dusted off and on their way to see, what turned out to be, an amazing collection of many of their ancestors.

Thank you Guy Devivo of Griot's Garage for connecting us with Gary McKay so that we could see this beautiful collection of Fords, many of them Mustangs, and a few other classic cars as well. We walked into a working garage with Fairlanes, Mustangs, Pick-ups, and oh so many more. I for one thought this was great.....this was just the waiting area.

When we had, what we thought were all of our crew there, about 26 showed up,

cars, neon signs, vintage gas tanks and oil pumps, and posters, trophies, etc. The displays were well done and not cluttered so that you could see it all.

I was very impressed with the vehicles and the presentation. The only thing missing were the bibs to catch the drool as we walked around.

After about an hour and a half, we moved from cars to our second favorite thing, food. We took a cruise down the road to Louie G's in Fife. After a heartfelt apology for being 45 minutes early, we enjoyed sandwiches, pizza, salad and great service.

A great day to be with friends for the first event of the new year. If this is a sign of what is to come, don't miss an event! It is going to be a great year.

we were escorted upstairs to the show-room. I immediately went downstairs, got a filter for the camera, and came

on back up for to a collection of very beautiful cars. I needed the filter for the shine.

Gary has put together a beautiful (I know I keep saying that but it was!) collection and a wonderful display of
