Mustang of the Month

Bill Norman

Still more important information in the President's Message.

Don't forget the following club events this month:

Sorry to say all June and July cruises are canceled.

FNDO for the year are all cancelled.

See inside for more details.

[See Calendar](#)

**Our June meeting will be online using Zoom.
Stay tuned for an alert with instructions later
in the Month.**

June's challenge should you choose to take it on:

What is one positive way (in a photo) you have spent this quarantine time to keep your sanity, reduce the stress of isolation, and keep you and your family safe?

Send your photos to pcmceditor@gmail.com. I will see how many we get and how many I can get into the newsletter.

Take care! Stay Home Stay Healthy

Go to the website—Events—Past Events and view our library of photos in photobucket to see photos of past events!

Chuck Botsford - ceb_iii@yahoo.com

Speaking of adventures! Normally by this time we would be talking about the great time we all had at the last car show and watching the awards come in for those beautiful cars. We would be thanking people for the fun cruises we went on to various PNW destinations. Unfortunately, as we all know, things aren't that "normal" right now.

Besides, as always, a big thank you to all those keeping us healthy and fed and taken care of, I want to thank all of our club members and especially our board. As a club president, there have been some challenging decisions we have had to make this last few months. Thank you Board for helping make them and to the membership for understanding. Hang in there with us. We will get through this adventure. Think of it as a "cruise-within-a-cruise."

As you read in my message in Mid-May the Board has determined that because of the unknown about openings of locations, the inability to connect with places to set things up, the unknown about economics, the issue of spacing at restaurants, etc we have canceled the June Rainiers Game, July Cruise to Hood River, the Yakima Canyon Cruise, and all FNDO for the remainder of 2020. When we are able to meet in June (we hope), we may replace one or 2 of these cruises with a local one in our own beautiful backyard.

Thank you for understanding that these were not fun choices to make. When we are able to get together again, lets do it in a fun, safe, and BIG way. We are a strong and determined group. We have always prided ourselves in giving back to the community. Let us continue to do that by following the guidelines of those that know the facts, study the data, and have the best interest of us and our neighbors in mind.

I want us as well to think of the positives. Even amidst this pandemic we were able to provide 312 pounds of peanut butter for the Puyallup Food Bank. Members have stepped up to help other members when needed. We have learned new skills like how to do online meetings. We have explored the possibilities around us for meeting spaces and will find an excellent new location in the end. And I don't know about you, but we have gotten more done around the house than I thought possible!

Again, thank you to each and everyone of you. Hang in there for yourselves, your families, your communities, and OUR CLUB!

Life is always an adventure.....

Let's enjoy the ride together

Heidi Geise

PCMC President

Backpacks & school supplies (Aug)		EFN (Oct)		Show 50/50	
Warm hats, gloves, etc	17 caps, 22 pairs of gloves, 29 pairs of socks, 2 scores, & \$20 (\$190 value)				

Be the energy that you want to attract!

Unknown

Random Acts of Kindness!

So what random acts have you seen:

- A whole herd of ponies and other friends drove by to wish Charlene & Larry's grand-daughter, Lilyanna a happy birthday. HAPPY BIRTHDAY!
- Another birthday wish drive by went to one of Missy's students, Miquel. Thanks to all who spread some happiness on these special days.
- I have seen neighbors out pulling weeds and mowing lawns for other neighbors who were not able to do their own.
- A gentleman I know who is a car guy made over 1000 masks for first responders. They had a car theme as you can imagine.
- Another friend of mine has neighbors that stop by her house whenever they go to the store and pick up groceries for her so that she doesn't have to go out.
- A shout out to all the teachers who are trying out new teaching strategies and materials to provide the best education they can in this unique time.

- Along those same lines, thank you to our own Missy for not only doing what you do for kids all day but helping us less tech oriented club members maneuver our way through this new meeting technology. We have had 2 Board Meetings on line already with a 3rd coming up and we will be having our next club meeting on Zoom. This is the first we have done with that large a group. Thank you Missy for helping set these up.
- I also want to say thanks to all those working behind the scenes at Amazon and Macy's and Starbucks and others. You have kept my front porch busy and my weekly, "I made it another week" goal rewards going strong!

WE CAN DO THIS!

Did you see someone doing something that you believe deserves a shout out?

Board Meeting Minutes—May 5, 2020

Call to Order: Heidi Geise, president

No Club Meeting due to the coronavirus. Stay safe and hope that we see you in June.

Board Meeting May 5, 2020:

Call to Order - Heidi Geise, president

Roll Call – Heidi, Missy, Nancy, Harley, Ariel, Bert, Chuck, and Charlene

Approval of Last Month's Meeting Minutes: 1st Missy, 2nd Nancy, Board Accepted and Approved.

Treasurer's Report - Nancy Freeman:

Car Show: Revenue – Pre-Registrations, T-shirts

Early Bird T-Shirt Orders - outstanding money (about \$400) is with Missy.

Club: Revenue – Car Show

Expenses – Entertainment – National Mustang Day Decals

Daffodil flower money has been returned, and the donation to the Daffodil Committee will be made.

Nancy had to have some maintenance on the club printer. Under normal conditions Nancy would be able to receive two signatures from the Chair positions. Due to the check being written out to her – she is asking The Board if she may sign and have it mailed to Heidi for the 2nd signature and then mailed back to her. The Board agreed to allow Nancy to sign the check made out to her for the printer maintenance to cover her cost.

Approval of Treasurer's Report: 1st Harley, 2nd Chuck, Board Accepted and Approved.

MCA - Nancy Freeman - Tucson show was rescheduled to October. The Arkansas and New York shows are canceled. The Florida show is still on.

Car Show – Charlene –Car show is on hold while we wait for the Stay Home Order to be lifted. After phase 2, we will have an idea as to whether we will

be able to host the show. Charlene will contact Griot's in June. If everything goes as plan, we will have one month to finish planning the show – and we should be able to. We will have an online car show meeting in June.

Mustang of the Month – Congratulations to Bill Norman and his team of Ponies.

Old Business

Korum Peanut Butter Drive - Heidi – Thank you to Pete & Nancy, Greg, and Korum for picking up and delivery 312 pounds of Peanut Butter to the Puyallup Food Bank. Thank you to all who helped collect it.

Rainier's Game – Heidi – It has been decided by The Board to cancel the event.

New Business

Meeting Locations - Heidi - PCMC needs to find a new place to hold board meetings and general meetings. The Puyallup library is booked for July – Heidi will double check with the Library to make sure. The Puyallup Activity Center – we have not heard from. Nancy 's church - it would work but we would need to change our meeting day to Monday or Wednesday due to the church already having an activity on Tuesday nights, but due to the Stay at Home Order the event using the Church on Tuesday might cancel. The Church will charge \$50 a meeting. Denny's at South Hill and Johnny's at Fife is closed until the quarantine has been lifted from the virus - but they would work. Edgewood Grange and the Best Western by Denny's at South Hill were contact – they would charge PCMC over \$300 per meeting. Members of The Board will contact or have contacted - The Community Center in Milton, Sumner Library, Griot's, ACM, Farrelli's Pizza on 176th, Sumner Sportsmen Club, and The Masonic Hall on Pioneer Ave. We will have more information at June's Board Meeting.

(continued on next page)

Board Meeting Minutes—May 5, 2020 (continued)

June or July General Meeting – Heidi – If we cannot hold an in person general meeting. We will try to hold it online. Mustangs West is holding one in May, Missy will reach out to Pam Pistella to see how it went and what venue they used. Missy will also contact Pacific Cascade Mustang Club to see how they are holding meetings.

Advertising for 2021 Officers – Heidi – Ideas? Harley for President? Heidi for a fourth year? Roll over the current Board? More discussion at a later Board Meeting. 2021 will be an easy year – all the canceled plans of 2020 can be used.

June's Board Meeting - Heidi – June's Board meeting will be hosted online. If the Stay at Home Order is lifted for July, we will try to have a Board meeting at Puyallup Library or Lakewood Ford. Heidi will send an email of the availability.

Friday Night Dinners Out – Due to the Covid 19, when the restaurants are able to reopen it will be hard for large groups to meet for dinner. The Board agreed to cancel all the Friday Night Dinners Out for the rest of 2020.

Holiday Gathering – Nancy – Missy will check with the Puyallup Activity Center about January 21, 2021 for the date. Since Missy has the Holiday Gathering notebook, she will send in an application for the gathering. **When inputting the date onto the Website**

– January 21st is a Thursday, I used the 23rd of January which is a Saturday.

Birthday & Graduation Parades – Missy – There have been a lot of parades for kids due to the Stay at Home Order. PCMC members have been asked to participate in them as a club and as individuals. The Board discussed how to help celebrate these events. It was agreed to advertise them on the PCMC FaceBook and website as a non PCMC Event and to make sure our members follow all the Social Distancing Rules. It will be up to each member to decide on if they wish to participate.

Upcoming Events – At this point All events in May and June have been canceled including the Hood River Cruise. We may set up a local cruise when the Stay at Home Order lifts and we will send out an email with the details to the membership if we do.

Adjourned

Submitted by Charlene Rivera

PS from Heidi

Thank you Charlene for the minutes. It is hard enough to get everything down when we are all in the same room. It is another issue altogether to do it with everyone online.

Car Show Update

By Charlene Rivera

In every relationship you find something “silly” to tease your partner about. I have known Larry since 1976, I will do the math - I was six and he was 10 when our families became friends. Our families spent a lot of time together having fun.

Oh, the stories we have about our siblings and parents. One of mine about Larry started way back. As an obnoxious teenager, I noticed the name “Larry” was given to characters as the silly person, or the strangest one of the group and on and on. I also noticed that Men in Uniforms were really cute and fun

to flirt with and “My Larry” uniform fit him to perfection. I know the Navy uniform is not the best looking, but on My Sailor, it was - another story for another time.

The obnoxious teenager started a “Larry List” to bug Larry probably, to flirt and tease Larry- most definitely. The list now fills a notebook and a half...yes, I still have it and add to it when a new Larry appears - it lists the show or movie or commercial or sometimes a person we have meet.

(continued on the next page)

Car Show Update (continued)

Well Larry started his own list - poor guy - Charlene is not a common name (thanks Mom!). You don't find it on the coffee mug or the awesome license plate that you get to put on the back of your bicycle when your little. Yes - I was deprived of the great pleasure of finding my name on all these awesome souvenir items, I was also deprived of the family tradition of two first names like my 4 sisters, another story for another time.

When Larry finds a "Charlene" to add to his list - A pathetic half page in a notebook, could probably fit on a gum wrapper - he gets all excited! In fact, he used one from a long time ago. Some of you may remember a store called Mervyns. when Mervyns was having a sale, they would have the lady out front of the store waiting for it to open saying open open open open open - her name was Charlene.

Now that I have given you the background of the story - a couple of nights ago Larry and I were talking and getting ready to watch a movie - well more like I was complaining about everything being closed, that nothing was open that I couldn't plan anything for the car show, I can't do anything, that everything was just closed closed closed closed closed! Well our movie starts "Night at the museum", I snicker because the main character's name is Larry and my Larry cool as a cucumber says "if you go and knock on the Capital Doors and yell 'Open, Open, Open' our Governor might hear you and Open everything ". Score and Point goes to Larry!

Well, I tried and it didn't work - sorry!

Charlene

Disinfecting Your Car

I came across this article in the America's Car Museum Volunteer Newsletter that I thought would be helpful. Marissa Merkel, ACM Volunteer Coordinator, gave us permission to use her article from Hagerty, "How to disinfect your car without destroying its interior by Grace Houghton, March 24, 2020.

She begins by defining cleaning (removes dirt and germs but doesn't kill them) and sanitizing and disinfecting (may not remove all dirt but have varying degrees of germ killing properties). For the purposes of our cars, it is best to clean and then sanitize, according to the article and Haggerty.

Here are the main tips she presents:

1. High Traffic Areas 1st—CDC recommends starting with steering wheel, interior door handles, cup holders, gear shifter, seat belt buckles, and radio/climate control. With that done, you can move to the rest.
2. Choose the correct wipe or cleaner—If it is EPA registered (there will be a number on the back label), it has "certified cleaning power and will le-

gitimately kill germs." Be careful of terms like cleaner, disinfectant, sanitizer that are just used to sell products. (like putting "cholesterol free on items that never had cholesterol in the first place.)

3. Use correct product on the right material.
4. Make sure the product sits on the surface long enough to kill the germs.
5. Conduct a test patch on something inconspicuous. I am not always good with this step but it could save some money, swearing, and time in the end.
6. Preserve your work—Wash hands before entering, keep hand sanitizer in car, change and wear gloves and dispose of them after each drive.
7. Avoid direct contact with gas pumps.

I hope this is useful!

PS—Don't forget to wipe the keys

Big Thank You

Look what someone has been doing with their quarantine time? What is it? A bird? A plane?

No it is PCMCs very own speaker stand for shows. This will be place at a location that will help carry the sound from the center of the grassy area at Griot's to the patio and front parking area so that announcements may be heard throughout.

And so you know, it has heavy-duty pegs that go into the ground to secure the structure. This is very sturdy!

Well done and thank you Harley Edwards for building this for the club!!!

For Sale: Remember those gorgeous Mustangs of the Month from last month? Well, one of them is for sale.

From Alan and Courtney Lawson: We're selling our 2015 Black Mustang GT with the 50th Anniversary appearance package. It's fully loaded with leather interior and is in excellent condition. It has almost 35,000 miles. We don't want to sale, but we're running out of room. The price is \$25,000 or best offer. Seriously interested individuals can text me at (253)906-5480.

Mustang of the Month

Bill Norman

2000 Bright Atlantic Blue GT Convertibles and 1968 Acapulco Blue GT/CS California Special

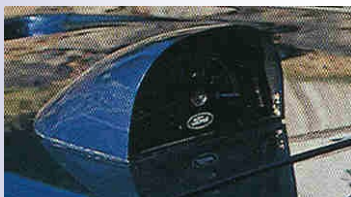

I currently own two Mustangs:

2000 Bright Atlantic Blue GT Convertible which I purchased in late December 1999 from Korum as my Christmas present. I was visiting friends in Port Orchard when I came up with the license plate name: MYY2KGT. I have attended a few car shows with it especially when it was new, even a MCA National show in

Durham, NC where it was not judged since new Mustangs were voted on not judged. It was also the last trip back

east with my companion at the time Rusty as he passed late 2000. The 2000 was also used to chauffeur the Daffodil Princesses through some of the local towns other than the Daffodil Parade.

these trips since mid 80s my traveling companion was Rusty until he passed away; then my next companion was Tanner.

As a side note, I have owned two other Mustangs, one a 1965 Honey Gold Mustang which I used as a trade-in to purchase the Cal Spec; and a 1993 White LX which I used as a trade in when I purchased the 2000 GT.

Submitted by Bill Norman

My second Mustang is a 1968 Acapulco Blue GT/CS California Special with a 302 4bbl engine and C-4 Automatic transmission which I purchased new from Hayward Ford, Hayward California in early-mid 1968. It came with 3.00 rear end, but I changed it in the 1980s to 2.75 for better mileage due to the trips I made. I also installed upper and lower consoles which it did not have at the time of purchase. Also when I purchased it, I purchased and had a Hood Tach installed as I thought the ones on the Firebirds were cool. This one item makes it easy to recognize and it made it easier to maintain my speed instead of taking my eyes off the road to glance at the speedometer. It has been driven in all 48 continental United States and four Canadian Provinces. It has been to shows in about a third of the 48 states and 3 of the 4 Canadian Provinces. Due to all the traveling I have done, the mileage is a bit over 515,000. During

In the News

Trying to keep up with the Mustang news? Here are a few items to check out.

Gale Halderman

As we know, Gale Halderman past away in April. Pick up any Mustang book and you will find information about Mr. Halderman as one of the original designers of the Ford Mustang. According to **Mustang Genesis The creation of the Pony Car** by Robert A Fria Gale Halderman was hired in 1955 as a designer in the Lincoln-Mercury Studio. He worked on the styling for the 1960 Falcon, the 1961 Thunderbird and eventually the Ford Mustang. The book states that he drew up "5 styling sketches, Joe Oros liked one of them and the rest is history as they say. He helped move the car from a clay model to the production line to many of the design changes that happened through the years until he retired in 1994.

Thank you Gale for all of your ideas and hard work to make out dream cars possible.

Check out this link, (<https://www.autoweek.com/car-life/classic-cars/a32266716/history-of-the-mustang-logo/>) sent by David Cushion that describes the history of the Mustang Logo. It describes how it was almost the Allegro, Avanti, Torino, or Cougar. Now allegro means "at a rapid pace" so that would certainly describe our ponies. Avanti means "forward" so that could be moving forward, forward thinking, or front-end forward which might also work. But you know, Studebaker took that. Torino is an Italian capital and Cougar is a whole other animal all together. Quite frankly, I am glad they settled on "Mustang."

The article describes the changes over the years, the tribars (all American pony) and the pony in the

corral. They considered a horse head for a while...again, they made a good choice in my book. But as we know, Iacocca, from the beginning, put the pony facing right. According to the article he said, "the Mustang is a wild horse, not a domesticated racer." (ponies go around a race track to the left)

Thank you David for sending this in. Check out the link for more details.

From my own research over the last month or so, **ladies, here are a few fun facts for you:**

- Bertha Benz—first auto marketing dept (1888)
- Margaret Wilcox—invented the car heater (1893)
- Camille du Gast—1st female star of motorsports in her 20hp Panhard
- Mary Anderson—1st patent for manual windshield wipers (1903)
- Dorothy Levitt—believed to have pioneered rear view mirror (1905), first ones you had to hold up by hand
- Florence Lawrence (silent films) and her mother Charlotte Bridgwood (aka Lotta Lawrence from vaudeville) - patents for brake lights/rear turn signals and mechanical window wipers respectively (1913/1917)
- Alice Huyler Ramsey—1st woman to drive across the US in her Maxwell DA (1909)
- Wilma Russey—1st New York taxi driver in her long leather gloves and leopard stole and hat (1915)

If you have something you have seen that you think others might be interested in, send it my way.

FNDO: Canceled for the year

Due to the unknown about restaurant openings especially for large groups, the PCMC Board made the tough decision to cancel all FNDO for the remainder of 2020. When we all get a chance to meet again and know where/when our club is meeting regularly, we will decide if this is a club event we want to continue in the future.

Future Club Events

In Memory of “Duke Robbins” by Greg Robbins

My father grew up in the late 50's ~ early 60's. This was the start of the modern car culture. As I grew up, I would listen to his stories of the cars he had and how he would modify them to go faster or look better. His favorite was his 56 Merc with a flathead V8 and shaved door handles, Persimmon and White. I heard stories of street races and cruising. When I was about 10 he bought a 1969 Ford Bronco. We would take it all over the mountains of Northern California. I can remember crossing streams so deep water was coming into the cabin. Us kids probably logged 50,000 miles in the back of the Bronco. One of the

first modifications to the Bronco was the installation of a roll bar with 2 inches of foam padding to protect our heads as we bounced around in the back. Each year we would pack our camping gear and head down to the sand dunes at Pismo Beach for the Forth of July weekend. Each year he would push that Bronco to its limits on the sand and inevitably, something would break. That meant, get it home and make it bigger and stronger. My dad's final years were spent in Reno, Nevada and he would always talk about the Hot August Nights Car Show. His love of everything cars is why this sponsorship is in his honor. He would have loved to be involved in this club with me. – Greg Robbins
