## BOARD NOMINEE SEARCH

While nominees are stepping forward for board positions (thank you), the positions of **PRESIDENT** and **SECRETARY** remain without a nominee.

It is hard to drive a Mustang club if there is no one behind the steering wheel. Please consider stepping forward to keep this club of 28 years from crashing.

Please contact Heidi [pcmcpräsident@gmail.com](mailto:pcmcpräsident@gmail.com) or Nancy [cezaar6321@msn.com](mailto:cezaar6321@msn.com) and add your name to the ballot.

Go to the website—Events—Past Events and view our library of photos in photobucket to see photos of past events!

#### **Tech Coordinators**

Chuck Botsford - ceb\_iii@yahoo.com

It was good to see so many out at our first cruise since February. Thank you Monika for organizing this event. You can read more about it later in the newsletter.

As challenging as this year has been, it will be good to do some planning and preparation for the 2021 year. I would like to try to incorporate our planning into the October Club Meeting as we will most likely not be able to meet in our usual way in November to set our calendar. I have attached a chart to start your thinking. If you have ideas that you want to be considered please send me an e-mail before Oct. 13th so that we can get a list together and see where things might fit. **Remember, these are ideas so we can't make final decisions about where and when we will be cruising/"eventing" until we have the big picture and each event must have an organizer in order to make it to the calendar. No volunteer to organize a cruise—That cruise doesn't go on the calendar!**

Along with the monthly cruises, we have some decisions to make as a club. We will get these out in an alert to respond to or a survey but please consider these questions:

1. Do you prefer longer (most of day) or shorter (2-3 hours) cruises or does it matter?
2. Do you want to continue our monthly Friday Night Dinner Out?
3. Meeting space—library, church, restaurant (would this replace FNDO) - see more details in the attachment

It is important that we hear as many voices as possible for these big club decisions. Please consider attending our Zoom Meetings. If you have not done Zoom before it is pretty simple: 1) download the free app, 2) wait for the Zoom notification/alert, 3) sign in at the day and time provided. You just have to remember that you can't sign in early as our free 40min time starts when the first person signs in. We will have some door prizes rather than raffles so don't miss the fun.

***Life is always an adventure.....***

***Let's enjoy the ride together***

## Mustang of the Month

**Pam & Wayne Pistella**

**2012 White Convertible**

**2016 Metallic Guard Stage 3 Roush**

When I first joined this wonderful club in 2007, I had a 2005 black convertible Mustang. My husband had bought me that car when I was promoted TSgt in the US Air Force in hopes I would stop startling him when we were in the car and a Mustang drove by.

In 2012, I was getting ready to retire, so we traded in my 05' for a 12' performance white with MCA package convertible Mustang for my retirement gift.

I quickly named her Bonnie. She has been all over the West Coast and even into Canada a few times. As much as I enjoyed her, she was never allowed to play with the other Mustangs on the Track.

In 2014 I had gotten a promotion in my civilian job. I chatted with my husband about

wanting to buy a new car to be able to track since Bonnie wasn't allowed and I did get a promotion. His response was not one I expected. He smiled and quickly stated "you do not get a new car every time you get promoted". However he did proceed to tell me if we paid off Bonnie I could get a new car and keep Bonnie. The hunt was on!

I finally decided I was going to get the new 2015 Roush Stage 3 since there were not a lot of them out here on the West Coast. This was Saleen country. I paid off Bonnie in 2015 and after visiting many Roush dealerships in Western Washington, I found out that there were no 2015 Stage 3's allowed to be sold in green states because California did not sign off on the emissions yet. That didn't deter me nor change my mind about buying a Roush Stage 3. I was in no hurry, I used this time to build my Roush to a budget I was trying to stick to.

Finally on Valentine's day in 2016, I got the call from the dealership that we had a green light to order my Roush, emissions had been signed off. Wayne and I went to the dealership and ordered a 2016 Metallic Guard Roush Stage 3 with Recaro seats. On April 27, 2016 I got a call telling me my car has arrived and has been cleared for pick up. I was ecstatic, not only because my car had finally arrived but it was being brought home on a special date for me. April 27<sup>th</sup> was the date I entered into the US Air Force.

As soon as I picked up my Roush I named him Clyde. It was the perfect name and a perfect fit. Bonnie loves long walks on the beach and Clyde loves to go to the track and stretch his legs. Although I will admit both Bonnie and Clyde have a hard time obeying the speed law on an open road. They always need to be reined in, whether it's by lights or a foot on a certain pedal.

## In the News and More

Trying to keep up with the Mustang news? Here are a few items to check out.

According to the Sept 2020 **Mustang Times**:

In a report in ***The Times*** we were reminded that the 1968 Mustang fastback from the movie *Bullitt* sold at auction for \$3.74 million which was a record for the most expensive Mustang...at least until June of 2020. That is when "Shelby #002, the original Shelby GT350R prototype and the first R-Model built" sold for \$3.85 million. Ok, which of our members bought that at auction?

If you haven't looked at the magazine, take a look on line and you will see lots of articles about historic Mustangs that people have found as well as a few shows/cruises that have happened carefully or virtually.

In local news, America's Car Museum opened back up on Sept 25. It is open now on Fridays—

Sundays only with obvious precautions such as masks and social distancing and lots of sanitation stations. The Saleens are still there, so if you haven't seen them or want to see them again you know where to find them.

I will keep you posted but there is talk of virtual tours that people are working on as well.

If you have news that you would like to share or ideas for information to research and include in the newsletter each month, please let Heidi know at [pcmceditor@gmail.com](mailto:pcmceditor@gmail.com) by the 25th of each month (or sooner if you want her to do the research!)

# September Black Diamond Cruise      Sept 5

Organizer: Monika Kirkland

It was great to see so many faces at the first cruise since February. Or should I say, it was so nice to see so many sets of eyes....

I believe the count was 19 or 20 cars with probably about 30-35 people. Some long time members and some new to the club. For some it was their first cruise as members. Thank you Monika for setting things up.

This is always a great drive with lots of windy roads and beautiful country-side to make us appreciate the gorgeous part of the world we live in. Every season has a little different view to offer. Leaves weren't quite turning yet but try this same drive in a month.

Midway through we stopped at the Black Diamond Bakery. Always a treat. Although most did not stay to have lunch, many did grab a pastry from the bakery or some smoked meat from the shop next door.

From there some went back through Enumclaw and some traveled back toward Auburn on Green Valley Road for more scenic driving.

Next month, it will be Port Gamble and fall colors. I am charging my camera batteries in anticipation.

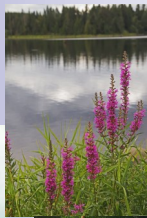

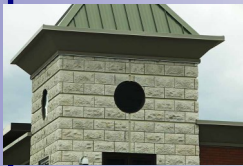

Here are some of the photos from the trip. I can't get them all in but you can go to our very own PhotoBucket page and see many more.

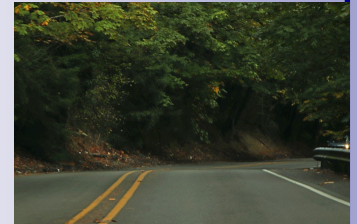

## Out for a Drive

Well I found myself with a little space. We took a couple of drives in the Mustang last month and just last weekend after the smoke cleared. The leaves hadn't quite changed to their full autumn colors but they are beginning to show those signs.

The first drive was to Lake Kapowsin and Lake Ohop. Lovely drive with a couple of potential fishing holes for Paul along the way.

The September drive was retracing a club cruise from Steilacoom to University Place and home. The colors are just beginning to turn on this beautiful drive along the water.

If you get a chance to head out and want to send in some photos and tell us a little about it, please send them to [pcmceditor@gmail.com](mailto:pcmceditor@gmail.com).

October 2nd is Name Your Car day. Send us a photo of your car and it's nickname!
