Tech Coordinators

Chuck Botsford - ceb_iii@yahoo.com

I want to start with a big THANK YOU to Steve Howe for taking on the newsletter. Let us hope I get him things in a timely manner.... Also, another THANK YOU to Titus-Will. We had a great display of 2021 Mustangs (including a Mach-E) at our board meeting and again at the club meeting there were 3 more beauties. They should have handed out bibs for the drooling that was going on. Beautiful cars and thanks for setting them up for us to see and for Daniel (Titus-Will) for staying to answer everyone's questions and talk Mustangs.

There is lots going on with the club as usual. We are getting ready for what I am sure will be another great Car Show in just a few days. We need all the help we can get to make it run smoothly so connect with Charlene to get your name on the volunteer sign-up. A show doesn't run itself. It takes lots of planning and organizing but most of all "feet on the ground" on the day of the show. Do not be shy. There is a lot to do and room for all sorts of people to do it.

Our picnic is coming up this month, Aug. 29th. It is always a fun day with activities and food and food and food! Be sure to come enjoy the activities and did I mention food?

Well, it is also that time of year when we ask people to show their club support by running for an office or taking on a committee chair. Please get your name to me or another board member to get your name on the ballot in October for our November election. We need President, Vice President, Secretary, Treasurer, and 4 directors. Yes, some of our current board will be running again but that doesn't mean **YOU** can't as well. **PLEASE! PLEASE!** Get your name to one of us and tell us what you would be interested in running for. The Past President's position is taken, as that will be ME!

At future board meetings, we will also be discussing the Car Show Chair Position, as Charlene announced that she would be stepping down. If you are interested in this, let me know. Charlene has invited you to shadow her at the show in August to see what that day involves. I will tell you that the show chair is an important role and does much more than just walk around putting out fires at the show. Charlene has done a fabulous job over the years and has a great system set up. The most important job --- **RECRUIT AND DELEGATE!** As the saying goes, "get the right people in the right seats on the bus." It takes a whole team or in this case club!

Life is always an adventure

Let's enjoy the ride together

Heidi Geise

PCMC President

2021 Car Show Update

Next Meeting - Wednesday, August 4th at the Lakewood Black Bear Diner at 6:30. (behind the Great American Casino at I-5 & 512). If you plan to eat, please come at 6:00.

Remember—this is our last meeting before the show and we have a lot of information to cover.

Thanks to Chau Electric and Jeff Murray for sponsoring our 3rd and 4th place trophies and Steve & Laurie Howe for the Mariners and swag bag donations and Chuck & Anette for the raffle items.

Please sign up to help at the show!! We really need help with selling raffle tickets (8am to 10 or 10am to 12 or 12 to 2) and help with cars finding their parking spot for the show (7:30 to 10:30) and the tack shack from 8 to 10 (we sell t-shirts, give out information on our club)

Please plan to be at Griot's at 6am on August 8th to set up for the show. Remember we close the gates at 7:30am for our members to prep their cars for the show.

Committee decided to not hold our normal after show dinner this year.

Car Show Wish List

Sponsorship

Club Participation = \$100

Raffle (call Charlene if you have something to contribute)

Picnic Items

Tire Brush

Elvis Items

Navy Stuff

Items for a Mustang Purse

Shelby or Shelby GT350 Items

Starbucks Gift Card

KFC Gift Card

Restaurant Gift Card

If you have any questions or would like to sign up to volunteer - please email or call/text me!

It takes all our members to help put on the awesome car show that we do!

Thanks for all the help and support!

Shout Outs

Lew Gaiser , take your time and get to feeling better soon.

Hey Bob Frender, how are you doing?

Purpose Statement

In the spirit of fun, community, and education, we are a social group promoting a stronger fellowship through cruises, shows, and charity involvement for our members and local communities. Additionally, we support the preservation and maintenance of all Mustang and Ford Motor products.

Mustang of the Month

Burt Kreidler

2007 Grabber Orange Saleen "Parnelli Jones" Edition

I first became aware of the 2007 Saleen Parnelli Jones Edition in late 2006 when I happened to be driving past Korum Ford and saw what I thought was Parnelli's 1970 Boss 302 Trans Am race car on display in the showroom. Having been a fan of the Trans Am Series in those days I drove around the block and pulled in to have a closer look.

I was surprised to find out that it was a modern Mustang GT modified by Saleen as a tribute to that legendary driver and the car he drove to victory in the Trans Am championship of 1970.

In 2006 I didn't know much about Mustangs except that there were a lot of them around. I wasn't even aware of the retro looking S197 platform that had been introduced a year earlier. I certainly wasn't ready to plop down 60k plus, plus, plus for this one.

In 2005 Mr. Jones had commissioned a replica of his 1970 Boss 302 race car to be built by a restoration company in Cal. He wanted to add it to his collection of the racecars and trucks that he had driven during his nearly 4 decade career. He wanted the Boss to be street legal so he could enjoy driving it occasionally.

Burt & Steve Saleen

The result was an almost perfect copy of his original car. The only problem with it was that it was too much like the race car and was not much fun for the now 60ish Parnelli to drive. No power steering, heavy clutch, noisy, and no low end power because well, race engine. Just what you don't want for tooling around in Southern California traffic.

So Parnelli hatched another idea, he and George Follmer had done some racing with Steve Saleen in the 80's so he had his mobile number in his Rolodex.

He asked Steve if he could build him a one off modern version of his 1970 Boss 302 on the new retro platform. Steve being the entrepreneur that he is had been looking for a Heritage Edition to build using the S197 platform.

He decided to build 500 of them. It was a pretty major undertaking compared to most of the Saleen modified models where they would only build a few.

They bought 500 Grabber Orange GT's from the factory over the course of a few months and created the "PJ" as it was known around Saleen.

To make a short story long, in 2014 I had embraced the Mustang culture and ended up with 4 of them.

My PJ came up on Craig's List in 2016 and although I didn't really need a 5th Mustang, Connie and I drove up to Skagit Valley to check it out.

It was everything I had hoped it would be, so I made the guy an offer. I already had a cashier's check in my pocket and several clips of cash for the negotiation. Connie was no help as she really liked the car and more or less let the guy know that I wanted it.

(Continued)

Mustang of the Month - continued

Burt Kreidler

2007 Grabber Orange "Parnelli Jones" Saleen

When I got it home and had time to investigate the documents that were with it, I looked at the bottom of the Monroney Sticker and to my astonishment, it was the same PJ that I had seen all those years earlier at Korum Ford. Dealers that sold Saleens were only allocated one each.

I'm happy to say that I have been its caretaker ever since. It's way fun to drive because it's old school yet modern enough to be comfortable for these old bones.

Mustang Related items For Sale

From the estate of Bob Batiuk:

The family found a set of Cobra R wheels with Eagle tires, in good condition. They also have a set of brand new Les Schwab custom wheels that would also fit Mustangs. There are also many other Mustang related items.

His brother, Hank, can be reached at: hankstamt@gmail.com or 406-546-7920.

PS—We don't have photos but contact Hank Batiuk if you are interested.

Past Events

Cruise to Camano Island

July 17

Organized and submitted by Missy Willert & Clay Concannon

Photos by Nancy Freeman

On a beautiful, warm Saturday in July, eight ponies and 17 club members gathered at the Safeway on 6th Avenue in Tacoma. Little did we know when we

headed out, we would be challenged in more ways than one! Clay and I took a chance and stayed the course. As we passed Kent on I-5, we lost a car to a sudden illness but the rest of the group made it to the Crow's Nest restaurant on Camano Island. On our scouting trip, Clay and I were told to just give them a call a couple days prior to the cruise to remind them we were coming. Neither one of us could get past the voicemail. We were concerned. Even more so when there were only two other cars in the parking lot as we pulled in. An employee came out to let us know the restaurant had closed down due to Covid!

Plan B was enacted. We quickly called Jimmy's Pasta & Pizza 5 miles back and were delighted they were willing and able to accom-

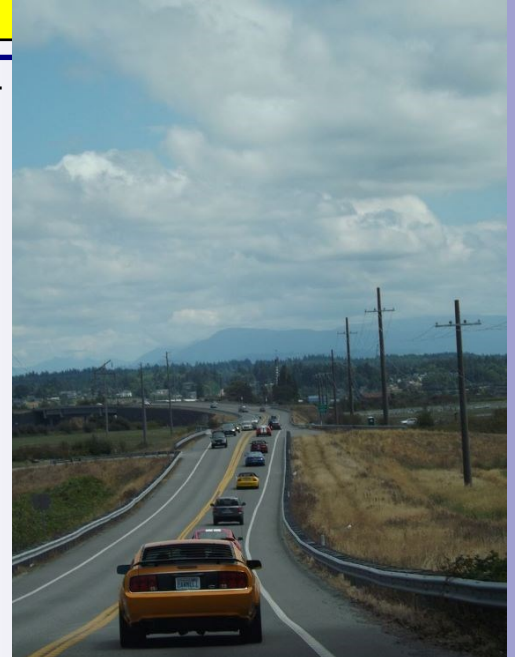

modate our group of 15 for lunch.

We all had a delicious meal and fun time meeting some new members and catching up with some old friends. Thank goodness it all turned out in the end.

Afterwards most of us decided to reroute to 405 instead of taking I-5 home as through Se-

attle I-5 south-bound was down to only one lane. Those of us with a manual transmission are not so sure it was much better!

😊 Great day with great company and as always great food.

Mustangs “Off” the Waterfront

July 24

Port Orchard

On Saturday July 24th two cars showed up at Highland Hills Safeway, which no longer exists, and left for the Mustangs Off the Waterfront car show. The cars were driven by Rick Nordlund and Rick Coombs. We were joined by Lenville Sutherland. The total cars representing PCMC was three. Rick Coombs' 66 fast-back (below) won the 1966 class. Congratulations Rick!

A Few Words from Club Members

Paul Geise: The Band—Part 6: BIG SHOW IN RENO

We had been playing on the road for several years. We wanted to play in Reno, but there were no Rock clubs. Finally, "Yori's Disco 2000" opened and had rock bands. Most of the bands that played there were small, local bands. When we were booked in there, our manager wanted to make a big deal of it. There were articles in the papers about how we were on the verge of "Stardom", that there were record companies interested, and the "Big Name" acts we opened up for. (Foghat, Chambers Brothers, Montrose, Papa John Creach) Anyway it was made into kind of a big deal. They even, somehow, got us an opening act!

A little technical info on our equipment. Our light system was to run on 220 volts, which meant we could patch right into the fuse or circuit box. (Yes, I've had 220 volts run through me when the wrench would slip, not pleasant... and would knock you off the ladder, if you were on one). However, in this case, our 100' cable was not long enough to get to the fuse box. We could plug in each of the four light standards into a regular wall socket. There were four Fresnel (a type of stage light) colored lights on each standard, & six spotlights (three per standard) on the front standards. Our P.A. sound system consisted of eight – 15" JBL subwoofers, (four per side) powered by two "Phase Linear 400" power amps @ 400 watts each (800 total) four JBL high frequency horns, two per side (one short, one long range) eight tweeters (four per side) powered by a "BGW" 100 watt power amp. Along with our personal amps and some effect lights, we drew a LOT of power.

We are all VERY excited to finally play in front of our friends and peers! The club is absolutely jammed! There are actually people waiting outside in a line to try and get in! After the "dummy" band plays we get ready to go on, while our manager is giving us a HUGE (bullsh...t) intro. "And here they are!!...FIVER!!!!" The lights come on,

the guitar player hits the first chord.....and the lights blow a fuse, as does the P.A. system and everything goes silent & dark! WOW, what an impressive beginning!! It was probably about a half hour or so before we were able to go back on, and then it was with half the lights and sound. The place was still packed, and the band was playing very well (even while being embarrassed). I believe we did two sets, and toward the end of the first was when the flash pots (with the shotgun powder) would go off. I don't remember the song, but now it's time to blow the audience's mind! We get to the end of the song and the pots go off. Let's back up a little to setting up the pots.

Apparently, our sound man was also excited about us playing for the home crowd. He really wanted to put on a good and exciting show. Well.... he did. It was a little too exciting, because he had put in, at least, twice the amount of powder in the pots as he normally did. The club had a short (as in height) stage because it also had a low ceiling. When those pots went off, a PILLAR of flame shot up and crawled probably 15 to 20 feet along the ceiling!! I was ready to evacuate without unplugging my bass! We (and probably the audience) were horrified and there was dead silence....for about 10 seconds...then the fire went out, the audience erupted, and I could hear some of them yelling " These F___ing guys are GREAT!! We had a little conversation with the sound man at the break and he said he wouldn't get as enthusiastic with the next flash pot load.

Something like this, Paul?
