Nora Hennecken

With just about a month before our club elections, we have all positions with at least one candidate. Thank you for stepping up to help your club.

We had a great cruise to see the North Bend area in October. You will read more about it later in the newsletter. We have our annual Veterans Day Cruise coming up in November. It should be a beautiful drive to Port Townsend. Set November 13th aside to join in that beautiful drive. You will find the flyer in this newsletter.

Besides our cruise, look for the article about our work at the Emergency Food Network. As usual, this was fun and a worthy cause. We will be sure to put this on our calendar for next year as well.

Every year at about this time we have our Planning Meeting. This is where we get things rolling for the next year so that we can put everything on our calendars. This year the planning meeting will be November 6th at noon. The location will be in Lakewood at the home of Nora and Mark Hennecken. Watch for a PCMC alert for the details.

Life is an adventure!

Lets travel the adventure together!

GIFTING Tee Shirts

Recently a check of the club shed found 18 tee shirts from long past shows and rather than just leave them there....the board voted to donated them to Child Study & Treatment Center in Lake-wood.

CSTC is a state run inpatient facility for children with mental illness. A Club member (and CSTC staff member) will deliver them and commented that the kids would be delighted.

If you have news that you would like to share or ideas for information to research and include in the newsletter each month, please let Steve know at pcmceditor@gmail.com by the 25th of each month (or sooner if you want him to do the research!)

Club President Candidate Introduction

Sandy (Heyer) Fleischbein

Hi, my name is Sandy Fleischbein and I am running for the President position on the Pierce County Mustang Club's Board. I would like to share a little bit about myself as I am new to the PCMC.

I grew up in Puyallup and now live in Gig Harbor. Most of my professional work history has been as a Dental Office Manager and Consultant (20 years) in Puyallup, Tacoma, Kennewick, Risk Manager (8 years) for a large road construction company in Northern California, Workers' Compensation/Safety Administrator (6 years) for 23 school districts in Eastern Washington through the Educational Service District 123 (ESD123).

I was a Board member for the Washington Self Insured Association and was an instructor for their Industrial Insurance University. During my employment at Educational Service District 123 and Dental Office Manager, I was responsible for preparation of Board meetings with 23 school Superintendent's and 45 dental office staff members. With my employment duties, Board, and committee duties, I was known as "Sandy Sunshine", "Safety Sandy", and "the person who gets things done".

In retirement, I can now pursue and enjoy my personal interests. I am a Soul Realignment Practitioner, Metaphysician, Medium, and Paranormal Investigator. I also officiate weddings, ceremonies, and dedications.

I currently share retirement life with Dale, my husband of 29 years. We have 2 dogs, Lola a 9-year-old Affenpinscher and Hannah a 4-month-old Harlequin Great Dane. We have had many Mustangs in the past and enjoy these cars very much! We now have a 2012 Boss 302 and totally LOVE this car. We are already wanting to increase our collection!

I will be honored if I am chosen as your next President. I promise to give the Pierce County Mustang Club, its members, and programs my full attention.

SANTA'S CASTLE

TOY DRIVE

In conjunction with the Veterans Cruise on November 13th, PCMC is hosting a Toy Drive to benefit JBLM's Santa's Castle, a favorite charity of our members.

Looking for ideas? Gift cards are a favorite of teens, board & card games, books, stuffed animal and of course, toys, toys, toys. No time to shop? A monetary gift is always welcome. Not going on cruise? Contact pnredride@msn.com to arrange for pick up.

So gather up your unwrapped toys or gift cards and bring to the cruise and lets fill a trunk or two with the joy of toys for kids newborn to 18.

Santa's Castle has provided Christmas since 1994 to children of all active duty services including National Guard and Reserve families E-4 and below. Referrals are made via the chain of command, no self referrals.

This all volunteer charity is funded entirely from donations.

In 2020, 2,633 children weren't forgotten by Santa.

Mustang of the Month

Kevin White

2015 EcoBoost White Convertible

The first time I thought about the **FORD MUSTANG** it was a sunny day in 1969 when a young United States Army Soldier assigned to Fort Eustis, Newport News, Virginia showed up at our home with a 1965 tan Convertible Mustang. Note that Enlisted Military personnel did not make a lot of money back then, so I guess he saved his money and purchased a used vehicle. Nevertheless, I had never seen such a spectacular vehicle in our Newport News community; yet, I was fortunate that the Soldier (named Mr. Tony) took my friends and I for a joy ride. At age seven, I never envisioned owning any type of car, but this Mustang was so nice I vowed to buy one when I became an adult.

Thus, when I turned 18 and joined the United States Air Force, I decided to research the Mustang and found the new models were quite different than what I observed as a child so my dream was postponed. However, about 38 years later my spouse and I visited a **2017 CAR SALE** orchestrated by the DuPont, Washington, America's Credit Union (ACU) branch, and on display was a 2015 white convertible Mustang that appeared to be a modern copy of the 1965 version that I had fell in love with as a child. My spouse also liked this 2015 Mustang (Eco Boost Premium), which had approximately 28K miles. So, we negotiated a sales price of about \$22K including an extended warranty in which I used my credit card to procure the vehicle thus significantly increasing my Frequent Flyer Miles.

Thus, my dream of owning a **MUSTANG** came into fruition, and now both of my sons have their hearts set on owning a **CONVERTIBLE MUSTANG**; and hopefully, if their versions are **electric**, I hope FORD will make a few electric vehicles that resemble the 1965 and 2015 body styles. *These electric vehicles would sell for certain!*

***See my **MUSTANG** below with my baby boy behind the wheel who occasionally drives the vehicle!

Emergency Food Network

Oct 16

NOODLIN' AROUND

Once again PCMC members gave up part of their Saturday to assist the mission of the Emergency Food Network “so that no person in Pierce County goes hungry”.

Macaroni noodles were quickly scooped into plastic bags, taped closed, then stuffed into boxes and placed on pallets, while jokes of the noodling kind were shared. Volunteers were so fast that we repacked 2,200 pounds in record time leaving EFN staff looking for something to keep us busy. That resulted in a pallet of flat boxes (300) needing folding, taping and stacking for the next set of volunteers. Wonder what they will be used for as PCMC cleaned out the macaroni.

In spite of the challenges faced due to Covid and higher unemployment, EFN was able to keep all 70 food programs open and supplied. 2020 saw a 40% increase in visits. One in nine individuals are food insecure in Pierce County.

PCMC is proud to be a small part of the EFN mission.

October Cruise to Meadowbrook and the Cedar River Watershed

October 9

It wasn't a hot summer's day but it was a beautiful fall day for a cruise. Thank you, Karen and Harley for putting it together.

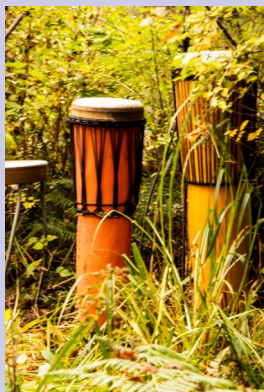

We had 6 cars and 11 members travel down the freeway and through the woods to 2 different locations. Driving to both gave us a look at some early fall colors. We even ended up merging for a bit with a sports car club on a similar drive. Our Mustangs held their own with the Porsches, Ferraris, and others.

Our first stop, after a little side adventure, was the Meadowbrook

Farm where the local elk herd comes to make their presence known. Unfortunately, they apparently were having brunch and didn't come see us. Regardless of their absence, the scenery was gorgeous. What a spectacular place to run or walk or have a wedding, none of which any of us were prepared to do. There was a great view of Mount Si, up-close-and-personal as they say.

From there we traveled to the Cedar River Watershed Educational Center. It was very cool to see and hear the water on the water drums. They weren't playing their computerized music but the sounds as the water struck them were really amazing. Well worth this

trip and more trips as everything gets up and running.

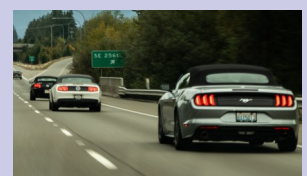

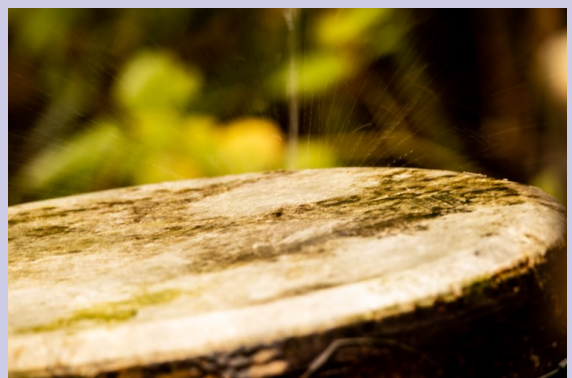

We spent some time in the Educational Center where there was information about our water supplies and some unique and beautiful artwork.

There were more views of another side of Mount Si as well. You could actually see people hiking to the top. We were not among them. The Mustangs wouldn't fit on the trail.

After getting educated, some went their separate ways and some went to a local café for lunch. The food was great and so was the company and conversation.

Don't miss the next cruise to Port Townsend for Veterans Day.

Mustangs in the News

2021 Ford Mustang RTR Series 1 limited to 500 units

Two years ago, RTR and Ford Performance collaborated on a Mustang RTR Series 1 that was limited to 500 units. The partners have done it again for 2021. RTR founder Vaughn Gittin, Jr. announced a new run of 500 'Stangs for any eager "fun-haver" wanting a pony car with a bit more bite care of a Ford Performance suspension upgrade and some custom aesthetics. The whole shebang even costs the same now as it did in 2019.

The extra bits include the trademark RTR grille with integrated lights, RTR chin spoiler, puddle lights, illuminated sill plates with the build number, rocker panels, rear quarter splitters, Gurney lip for the rear wing, and rear diffuser. A positive ID is made that much easier with the windshield banner, RTR badges, and a stripy graphics package. Rolling stock takes the form of staggered Ford Performance wheels with RTR center caps, 19 x 9.5 inches in front, 19 x 10 inches in back. Under the hood there are Ford Performance hood struts and aluminum strut tower brace, along with an RTR radiator cover badge. We're not sure what that green hue is since Ford doesn't currently offer anything in that spectrum, but it doesn't look half bad here.

Inside, the RTR shift knob matches the embroidered floor mats and a dash plaques bears the build info. For barroom bragging, the included keychains will also be inscribed with the model info so owners don't need to invite disbelievers to the parking lot. For a touch of suspension adjustability, Ford Performance installs its Track Handling Pack on non-MagneRide cars, while MagneRide-equipped Mustangs get the Ford Performance MagneRide Suspension Kit.

The 2021 Mustang RTR Series 1 is a dealer installed package that can be ordered with any EcoBoost Premium or GT trim. The package costs \$6,295 with installation another \$1,200, for \$7,495 in total. Because of the in-house ties, that amount can be rolled into the financing and all the parts get warrantied with the car. And with just 500 on offer, sooner rather than later is probably the best advice if you're RTR (Ready to Rock).
