

In Memory of Robert Mower

Let us remember our club member Robert (Bob) Mower, Sr who passed away April 12, 2022. He and Patricia have been members since June 2018.

According to a family friend, he was retired from the USPS where he was a high ranking manager in maintenance. He enjoyed wood turning and made pens and other small items.

He and his wife enjoyed traveling, especially to Hawaii at least once a year. They traveled to family reunions in Idaho every summer and hosted many family celebrations. He used to take every grandchild on a trip to the USA location of their choice. "He was a great guy."

Robert and Patricia have several classic cars, including 2 Mustangs. They are a 1967 red/black convertible and a 1966 titanium grey convertible

Our thoughts are with all of Robert's family and friends.
