Summer has arrived and it seemed like it took its own sweet time. Not so with our car show! It is speeding along at a fast pace and will be here in record time! The committee has been working very hard with the details and now needs your help putting the pieces together. The car show meetings for July and August are of utmost importance. If you would like to help with some last-minute projects, please join us at the July and August car show meetings. You don't have to be on the committee to attend and help. We can use your help before, after, and on the day of the car show. We always have a fun time!

July is a busy month. Not just for PCMC, but for all car clubs. There are a lot of club events and car shows going on in July and August. If you are attending any of them, please remember to mention and give out our car show information. Remind folks that with pre-registration they will get an awesome (and limited) "goody bag"!

Hey, by-the-way if you see a Mustang or Ford driver while you're out and about, introduce yourself! This random chance meeting isn't so random and there is no such thing as a "chance" meeting. We are in the right place.... at the right time. This new acquaintance just might become our newest PCMC member! A random acquaintance might also turn into a friend for a lifetime! Take the chance.

On a side note, many of you know that Dale and I have our Gig Harbor home for sale. When we sell it we will be moving to Nevada. So, we may not be here for the PCMC car show. Many of you have stepped up and offered to take over the projects I signed up for on the day of the show. Thank you so very much! The home sale has been a little slow moving but is picking up. I will keep everyone informed as we journey through this process. When we move, I will need to resign my position as President. Please think seriously about volunteering for this position and supporting YOUR club. I've had a great time, lots of fun, laughs, and made wonderful (lifetime) friends. Again, there are no final plans yet.... more news to come.

As Car Show Season Begins:

As you register for shows, be sure to list the club affiliation as Pierce County Mustang Club rather than simply PCMC. Often there are awards for club participation and as there are 2 clubs with PCMC abbreviations it is easy to confuse the counters and lose credit.

Shout Outs

It's a BOY...congratulations to first time great grand parents **Rick & Joanie Nordlund**.

It's coming, it's coming— 2022 Annual Car Show.

Lots of hands are needed 8/14 6am at Griot's for set up.
Remember the show underwrites club expenses, activities and charitable donations.

Purpose Statement

In the spirit of fun, community, and education, we are a social group promoting a stronger fellowship through cruises, shows, and charity involvement for our members and local communities. Additionally, we support the preservation and maintenance of all Mustang and Ford Motor products.

Mustang of the Month

Sandy & Dale Fleischbein

2019 GT-S Shelby SixT Limited Edition

Congratulations Sandy & Dale!

Dale and I are excited to have won the Mustang of the Month for July! Even though it is a random drawing it is still exciting to be drawn and to share our 'Stang Story and our love of Mustangs.

My love of cars, muscle cars, and specifically Mustangs, began in a land far, far away, and many moons ago, when I started dating in high school. I loved speed, so it was just natural that I loved guys with fast, cool cars and motorcycles! You could find me at SIR speedway every weekend watching the motorcycle races! No great story there, so we'll share Dale's Ford and Mustang stories.... he has more of them, and they are more interesting for sure!

Dale, his dad, brother, and grandfather all love(d) cars. Dale's grandfather was a race car driver and along with his son, Dale's dad, they had a race car tune shop. They called themselves the

"Race Car Tuners". Many classic cars have been restored by all these men. The love of cars is in the family bloodline!

Before I met Dale, this was his Mustang showcase:

1966 Mustang 289 – Candy Apple Red (new)

1967 GTA Fastback – Lime Green (new)

1968 Mustang Fastback – Gold Metallic (restoration)

Dale and I were married in 1993 and we have always had a Ford pickup truck in the driveway. The Ford cars were always there too, as icing on the cake! When we had had enough of the family vehicles, we traded for a brand new black 1998 Cobra SVT. Thus, started our Ford Mustang journey together. I didn't know much about cars but once I got the Cobra (yes, it was mine), I drove it every day. I think I had a love affair with that car! It was beautiful, powerful, comfortable to drive, and fast! It rumbled like nothing I had ever heard before!

We've had several Mustangs since then, such as a Race Red 2014 Mustang GT 5.0 and a 2012 Boss 302 in Competition Orange. We recently traded the Boss in when we found an even more rare car, a 2019 GT-S Shelby SixT Limited Edition. It is #5 of the 21 that were produced (see the picture of the stat board). We loved the Boss, but we found the 2019 GTS was worthy of us trading in the Boss! It is truly a rare find and an awesome car.

Here's what's funny, we have had Mustangs and it wasn't until recently that we even thought about joining a Mustang club. We are so glad we did. It is fun being with others who share the same interest.

1962 Ford Falcon Futura	1988 Ford Bronco - Tan
1969 Ford Cleveland, 351 with shaker scoop hood	F150's (2)
1995 Ford Taurus, SRO – White	F250's (3)
1999 Ford Explorer, Eddie Bower – Green	F350's (2)
2006 Ford Edge – White	2019 Ford Ranger (our current truck & we love it!)
2016 Ford Explorer Sport – Grey	
2018 Ford Edge – Ruby Red	

We are a Ford family, including my dad, both brothers-in-law, and both my sons. We enjoy our Fords and we enjoy taking our cars on cruises, car shows, parades, and the Cruise Puyallup. My brother-in-law and his dad have Model A's and we cruise together in Puyallup. It's a fun evening starting with dinner and then cruising and showing off our cars. It so much fun visiting folks you haven't seen in a while, seeing the many, many cars and trucks, talking about cars all night, and the many laughs and smiles are all worth it!

Well, there you have it. Dale and I are excited about retirement and to see where our Ford journey takes us!

June Mustang of the Month

Terry & Deborah Howells

1966 Red Mustang Convertible

PCMC Car of the month! Oh boy that's great! Oh wait now I have to put pen to paper and write about it.

So here goes some info on this month's PCMC Mustang, a 1966 convertible!

I remember back my first car ever purchased, a 1957 Chevrolet two door hardtop, that I excitedly traded for my second, a 1965 Mustang coup 289 four speed which I enjoyed throughout my collage and youthful years. Driving my 65 many memorable miles with various friends from Canada to Mexico and most all western US cities and states as well. It served all my needs and I'm sure exceeded them.

However as it is with most cars as years pass they are traded for newer models and on we go. I know we all can look back through the years and say what was I thinking, man I would love to have that car back! Well such was the case with me and my longing for my old 65, personally speaking the classic lines of the first gen Mustangs 64 ½ thru 66 have always been my favorites with fastbacks, convertibles, and coups in that order.

With great excitement we purchased our 1966 convertible nearly eight years ago, unfortunately I do not have a great amount of knowledge of its past history other than a folder that contained a fair amount of maintenance and repair receipts, which seem to indicate it has been well taken care of. Some of these which showed the installation of a new soft top recently installed, as well as new carpet. It does have all original door trim, seats and all interior trim which all is in pristine condition.

Some of the creature comforts it came with are power steering and power brakes, 289 four barrel carb and automatic transmission. Upgrades we have added to it for safety as well as comfort reasons are front disc brakes and dual master cylinder, factory air conditioning, bluetooth am/fm stereo system and led dash lighting for enhanced visibility during night time driving.

We did just this past April have The Mustang Ranch rebuild the 289 engine with what Donny called a long block rebuild. Which as I understand is basically a new engine, so we decided as this was being built, we would have the auto transmission rebuilt as well. So, the car because of the wet weather we have been having has been sitting in the garage with under 100 miles on new engine and tranny.

Well as I write this, she is put away in the stable awaiting sunny weather be once again saddled up and hitting the trail. Hopefully we will see many of you soon on one of those trails.
