Nora Hennecken

I'd like to thank Sandy for all of her time and hard work that she put in as our president. Due to health concerns, she has stepped down from being president. As her Vice President, I am filling the position for the remainder of the year.

Now that fall is here, and the cold weather is upon us, don't forget that our mustangs still need love. These cooler months are a great time for maintenance and extra care. I know that mine is in the garage right now with a trickle charger connected to it to save the battery. If you don't drive yours very often you might want to think about that too as an option. It's also a good time to make sure we change all those fluids, get new wiper blades and maybe even a detail to put him to bed for the winter.

Even though the calendar year is ending, our fun activities and events are not. We still have our Veterans Day cruise, the planning meeting to plan all of our events for next year, I've got another Friday night dinner out and a Saturday brunch out, we have a Santa parade and even though this is for next year 2023, there is our holiday not holiday party to plan that still needs some organizing. Lots of fun things left on the calendar to do. We also have elections coming up in November. So keep your eyes open for the ballot at the end of this newsletter or come to the meeting and get a ballot to vote for the group that will steer us for the coming year.

If you have some great ideas for our Friday night dinners or our Saturday morning brunches or if you got some great idea you'd like to see happen for a cruise come on out to the planning meeting and let us know what you'd like to do. Do you have a great idea of a monthly cruise you think we should do that others would also enjoy? How about some fun places around the area that we haven't been to that would be an interesting cruise for the day? Come on out to the planning meeting all are welcome.

Your interim president, Missy

Mustang of the Month

Larry & Patti Martin

1965 Windveil Blue Coupe

Congratulations Larry & Patti!

September 1964, the Mustang is introduced to the public. Oh my, I want one, but I'm in college with a family — it's too small.

The 1965 new shape was beautiful with its smirky smile and big eyes under that long hood and it's short rear deck. There was nothing else like it. The low bucket seats in that light car with a 289 and three speed coming out of the center console. I loved it but still had to wait. So I waited 27 years then bought the one I just described.

It was a maroon coupe with a vinyl top. I was almost in heaven. My wonderful wife Patti encouraged my purchase and I was elated. A dream come true that we have driven gently on clear days, and garaged since it's purchase. We've maintained it, kept it classic stock and had it repainted the same windveil blue as our 2008 retro style Mustang which we also love. In 2015 we had a birthday party for the '65s 50th year and now at 57 we are looking forward to another party when it turns 60!

Aw Shucks! OysterFest Cruise

Oct 1

Photos and article by Nancy Freeman

AW Shucks Cruise

On a warm and sunny day Burt and Connie led us on a cruise of wonderful curves and scenery to Shelton for our state's official Seafood Festival and the West Coast Oyster Shucking Championship.

If you couldn't find something to eat with 50+ vendors and wine and beer gardens, you didn't try hard enough. Plenty of booths to check out from mini golf, future firepersons pulling hoses, climbing ladders and rescuing bears, pumpkin bowling, touching and learning more about sea creatures or just sitting back enjoying the weather while listening to music while enjoying your favorite beverage.

Emergency Food Network

Photos and article by Nancy Freeman

Oct 15

A Morning at Emergency Food Network

Thirteen amazing club volunteers walked in to the EFN warehouse to be greeted by pallet after pallet of boxes. Previous volunteers had filled them with basic pantry items of sugar, flour, tea, coffee, pasta, canned chicken, can opener, comb, catsup, salt, pepper, toilet paper, paper towels and cooking oil. Unfortunately EFN couldn't tell which boxes had all the items and which still needed filling. That's where we came in.....open the boxes, double check contents, add any missing items if available, then loading on to new pallets separating those ready for delivery from those still missing an item or two.

Just like our fast Mustangs, PCMC volunteers are fast too, clearing half of the original pallets in just two hours at which time we were told to stop or there wouldn't be any work for the afternoon crew. We cleared 39 pallets holding 624 boxes and will be part of the distribution to the anticipated 2,000 Ukrainian refugees expected to relocate in Pierce County.
