Here comes the sun! Or it should be coming soon, right? I hope everyone has had a chance to recharge their batteries, clean out the cobwebs and are ready for CAR SHOW SEASON!!! I know I have started, but am a long way from show ready clean. Hopefully we will actually get some sun so that I can get out there get er done or as much as I can.

Not sure if anyone else is counting down, but there are only 41 days of SCHOOL LEFT! (Till June 23rd) Then SUMMER!!! At least for me, that's how we teachers measure it. I love how busy we get with fun car stuff over the summer. I almost need a nap just thinking about it all. So, make sure to check out the Upcoming Events section of the newsletter. Pick and choose what looks fun to you.

Tip of the Month: Save \$\$\$, take advantage of Pre-Registrations as much as possible. Often it is \$5 or more cheaper if you pre-register for shows and events. It also gives the organizers a heads up and time to prepare.

Welcome to PCMC!

Daffodil Parade - April 1

Once again a few hardy club members met at Burger Ranch (thank you Howells) at 8am to be ready for the Tacoma leg of the Daffodil Parade - the 90th Annual Daffodil Parade.

The crowds were thin but the clouds were not.

Terry and Deborah Howells, owners of Burger Ranch

After Tacoma, we gathered at various locations depending on our role in the parade. A few more members joined us there. Missy and Clay even had Grub Hub deliver right to their car as we were beginning to roll. Oh, this modern world.

We definitely experienced "Spring" weather. We had an assortment of hail, rain and sun.

All in all, there were 10 cars and 17 attendees. Fun was had by all!

Time to plan for next year!

National Mustang Day Cruise

Apr 15

There were 16 mustangs, ready for adventure. We loaded up and took the Vashon Island ferry to our lunch destination, The Hardware Store. After we had a good chance to fill up our tanks and visit, we headed out to Dockton Park for some fun.

FNDO—Bob's Burgers & Brews

Apr 21

Emergency Food Network (EFN) Repack

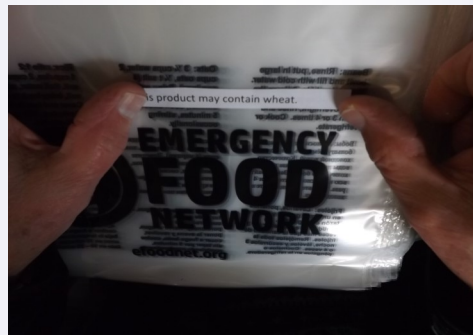

Apr 22

A dozen club members met early on a Saturday morning to help Emergency Food Network help others in our community. As usual we didn't know what awaited us...turns out it was a morning of multiple projects from labelling plastic bags with a warning label, digging into boxes of leafy produce to repackage into family sizes and finally attacking seventeen 50 pound bags of rice.

As usual our swift hands made short work of all we were tasked to do and we finished our projects in less than half the time we were scheduled to be there.

Totals: 850 pounds of repackaged rice, 952 pounds of produce and **10,000** bags received a label.

Next Emergency Food Network volunteer day is October 21st, come join in the feel good fun.

Mustang of the Month

Congratulations Missy Willert

I blame it all on my Dad! My love of football and cars that is. Mom and Dad bought a new 1964 1/2 Mustang Fastback 2+2, I guess that was the beginning. They used to fold the back seat down and lay blankets for me to sleep on during road trips; back in those days it was ok. A few years later Dad bought a 1968 Dodge Charger, maroon with a black vinyl top, with a 440 magnum with a six-pack! The family was stationed in Minot, North Dakota. Dad used to take the back roads to the Air Force base and blow out the carbon from the engine, no surprise there! Ha I would be in the back seat and say, "There goes the gas Daddy, there goes the gas!" Sometimes Dad still sees that old car driving around Mc Chord.

Years later when it was my turn to buy a car, Dad asked me what I wanted. My early exposure to muscle cars and a crush on Spencer for Hire's Fastback, the obvious choice for me was a 1965 Fastback, red or black. Dad found me a red one! I loved that car. My brother ended up getting one too. At the time I was going to college and working at Big John's Trophies, back when Big John still ran the place. His daughter Holly was my best friend from Jr and sr high. She had a 65 coupe that her dad fixed up for her. Big John teased me every day that I would never get my Mustang. I was also toying around with getting a personalized plate, when my mom came up with CIGOTIT (see I got it) for me & CIGOT12 (see I got one too) for my brother's Mustang. Seemed to fit for many reasons. We had fun in our twin cars, both were red. I guess after one too many calls to my emergency roadside service, aka Dad; dad tells me I should buy a NEW car. One that doesn't need so much attention. So, I decided on an Explorer. Dad and I went down to Mallon (now Lakewood Ford) Ford dealership, and I purchased my first new car and parked the Mustang in the driveway.

The sad day finally came when Dad got tired of my Mustang taking up space in his driveway, so we fired her up & shopped her around & sold her. Sniff sniff. As a new teacher I didn't have the money it would take to fix her up, so...

Another several years came and went, and I decided when I paid off my Explorer, I wanted to get a new body style (2005+) Mustang. We were all very excited. One day I was surfing the web & stumbled across the New York Auto show where Ford was rolling out the Shelby GT 500! I no longer wanted a Mustang; I wanted a shiny red with white stripes Shelby GT 500! My parents were shocked! They had no idea that Shelby was turning out cars again and were a little surprised at my choice too. It didn't take too long before they were on board too. I went down to the dealership to inquire about getting one. After talking to a salesman or two, it turns out I knew more about it than they did! So, I put my name on "the list" with a saleswoman. I came back every 2 or 3 weeks just to check on things. One day I came in and she was no longer working there! Oh no! So, another guy decides to scoop me up. I told him what I want, and his response was that I should buy a Focus! WRONG BUDDY!

So, I met Ray, one of my favorite salesmen, and he put me on his list, which was long... So after almost 3 years of waiting, visiting the dealer every other week, holiday goodie baskets of red & white treats, bottles of aged Scotch wrapped in, yes red with white ribbons, I finally got the word, I would be one of three people to get one of the dealerships allotted three Shelby's. Woo hoo! On January 7, 2007, I took delivery of my baby. After three years of waiting and not really knowing if I'd get one, I finally did! With new snow on the ground, and Dad in Idaho taking care of my mom after her heart surgery there was no one to show her off to!

I decided it was time to bring back the license plate. Dad loved driving mine around while I was at work so much that in 2008, he bought one of his own. He asked my brother if it was ok if he took his old plate and there you have it, our Mustang pedigree.

I found a yearly gathering of Shelby's down in Battleground, WA that we have enjoyed since 2008. That got us wanting even more Mustang fellowship, so we looked for a club to call home. First, we found a Shelby club, but they were of the Cobra variety and were really only interested in meeting up at XXX and they didn't have any activities they participated in.

We first hooked up with PCMC at the 2009 Luau & have loved every minute since. Yes, in case you don't know, my partner in crime is my dad. We enjoy our Shelby's & everything PCMC together.

We have done parades, shows, events, and all things Mustang since. At our first show I parked next to another 2007 Shelby GT 500 red with white stripes over in Port Orchard who happened to know my license plate! He said that somehow, I had the license plate off his old 65. Ummm, no. I told him the story of the plates and we discovered he bought my old 65. Small world.

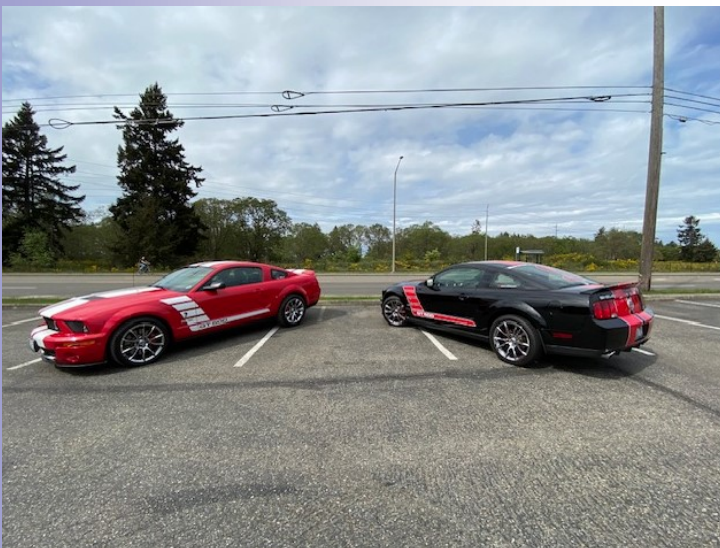

Dad and I recently drove our Shelby's 7,581.3 miles to Charlotte and back for the 50th Anniversary of the Mustang along with Mustangs across America. What a thrill ride that was. We have met so many great people with our Mustangs over those last few years. Many we consider family.

The Shelby's have now both had new matching paint schemes. My under-hood mural paying tribute to both mom and dad and the great times we've had in the cars, which is still accurate as Clay bought dad's Shelby. We affectionately call them Red and Black. Haven't found a name we both like yet. Stay tuned...

Dad and I found what turned out to be Family, when we joined the club after my mom died in 2007. As most of you know, we unexpectedly lost dad last July, just shy of his 80th birthday. I am so grateful for my PCMC FAMILY. I wouldn't be in as good a shape without so many of you.

Thank you for your partnership!

On behalf of the Board of Directors and staff at Emergency Food Network, thank you for supporting EFN in 2022. Last year was historic as it marked our 40th year as an agency, but it also ended up being historic due to the number of visits to our network. Over 2 million visits were made to our partners in 2022, a first in our history.

We have all noticed that groceries have become more expensive over recent months. While many of us can make ends meet as basic needs become more expensive, many of our neighbors cannot afford the 11% increase in grocery costs we saw last year. As costs increase, families turn to our partners in order to get the nutritious foods we all need to thrive.

Whether you supported us financially, gave your time as a volunteer, or hosted a food and fund drive (and many of you did all three) we are grateful for each and every one of you.

With gratitude,

Michelle Douglas, CEO
